

Calverton Elementary School
Extended Classroom Experience (Field Trip)
Parent Permission Form

Students are not permitted to participate in school field trips unless they have returned a signed permission slip, and payment for the trip, one week before the date of the trip. We are unable to accept telephone or fax permission slips for any trip. Students failing to do this will be placed in another class during the day of the trip.

A field trip is a learning experience held outside the classroom. These trips are planned and organized much like a classroom lesson. All trips are developed to be an enhancement to your child's learning experiences, and attendance is expected. It is anticipated that all students will attend scheduled field trips. Absences must be for excusable reasons only.
