

Applications are now available for the Washington-Suburban Chapter of The National Black Coalition of Federal Aviation Employees 9th annual Aviation Career Education (ACE) Camp. This is an exciting and adventurous one week camp for students entering 8th through 12th grades. During the week, we introduce youth to various careers in aviation through presentations, site visits and tours. **We even take the students flying!**

This year's camp will be held at The University of District of Columbia (UDC), July 14-18, 2008. Students are expected to arrive by 8 am dismissal by 4:30pm. A metro stop is conveniently located on the red line. A morning snack and lunch is also provided.

This is a fantastic opportunity for our youth. The word spreads quickly, so hurry and space is limited. There is a non-refundable application fee of \$35. Yep, that's all folks.

Applications available at www.nbcfaene.org. Click on Chapters and select Washington Suburban Chapter.

And remember.... *"If our youth can see it, then one day they will achieve it!"*

If you have any questions or need further information please contact Kimberly Brooks (202) 493-5071.

Sincerely,
Kimberly Brooks
WSC NBCFAE ACE Camp Coordinator
