**A HEADSTART & STAYING AHEAD**

The Federal Head Start Program has been giving disadvantaged children the foundation for successful lives for almost 50 years. But those success stories only happen with caring adults throughout a young child's life. Programs in the Prince George's County Schools like Boys to Men and the Largo Ladies Luncheons are helping all children, not just those in Head Start, stay ahead in the game of life.

**SWIMMING WITH SPECIAL OLYMPIANS**

No matter their stroke or where they placed, the young swimmers at the Special Olympics Swim Meet won the hearts of everyone. Months of practice paid off as more than 60 challenged youngsters from the county's adaptive aquatics program claimed gold medals for style, speed, sportsmanship - and courage.

**3...2...1 COUNT DOWN TO COLLEGE!**

Now is the perfect time for high school seniors, and their parents to explore financial aid opportunities and investigate the colleges they would like to attend next fall.

**SCIENCE BOWL**

Channel 96/38 gives you a front row seat this week as Benjamin Tasker plays Drew Freeman and Kenmoor competes against Martin Luther King in this middle school quarterfinal edition of Science Bowl.
