COVID-19 Student Message

Dear AHS@PGCC Students:

Prince George’s Community College (PGCC) is monitoring the outbreak of 2019 Novel Coronavirus (COVID-19). At this time, there are no reported cases of COVID-19 at the College.

In addition, the College has created a COVID-19 webpage with updated information about the virus. Please refer to the website https://www.pgcc.edu/coronavirus/ frequently for updates.

There are steps you can take to limit your risk for any illness. As such, we encourage you to practice infection control strategies:

- Stay home if you are sick and avoid close contact with sick people.
- Cover your nose and mouth with tissues when you cough or sneeze and throw the tissue in the trash after use.
• Wash hands often with soap and water, especially after coughing or sneezing. Alcohol-based hand sanitizers are an alternative if you are not able to wash your hands.
• Avoid touching your eyes, nose, and mouth to avoid spreading germs.
• Improve your immune system by getting enough rest (eight hours is ideal), exercising regularly, and eating healthy.

If you have not already done so, we also encourage you to sign-up for Owl Alert here: https://pgcc.omnilert.net/subscriber.php

If you have any questions or concerns, please reach out to the Office of Student Affairs at 301-546-0412 or askvpss@pgcc.edu.
