Student Lunch Policy and Lunch Drop-off Protocol
2018-19 School Year

Students are expected to remain seated at their assigned tables during the lunch period.

Lunch provides an opportunity for students to socially interact with their peers. Students are expected to sit quietly during the last four minutes of the lunch period, so that (a) announcements can be made and (b) that students can get prepared for an orderly dismissal to classes.

All students must eat lunch in the cafeteria, unless they receive a pass from a teacher to eat in an alternative location.

Students have only one lunch period (30 minutes) and must eat their lunch within this assigned time.

No food or drinks may be ordered from outside. Delivery services may not be used.

Students may bring lunch from home.

No birthday celebrations, no balloons, cakes, or cupcakes or the like are permitted in the cafeteria or classrooms (due to the number of students with food allergies).

Benjamin Tasker does not have an open lunch policy, so students are not permitted to leave the school grounds for lunch.

Parents delivering lunches for their children will leave the lunches in the main office, where they will be labeled and delivered directly to the cafeteria during the child’s lunch time. Students will not be called to the main office from their classroom or activity, as this causes students to miss valuable classroom time.

Parents requesting to visit their child in the cafeteria, please follow the BTMS Classroom/School Visitor Protocol.

THANKS PARENTS FOR PARTNERING WITH US, WE APPRECIATE YOU!!
