September 3, 2019

Dear Parent/Guardian,

Allow me to begin this communication by stating what I am confident is a sentiment that we both, school and home, share deeply in our beliefs. The children of Prince George’s County Public Schools and in particular of Mattaponi Elementary School matter. 

#MattaponiESChildrenMatter.

I recently saw a video of a speech given by the University of Alabama Head Football Coach, Nick Saban, in which he spoke about the importance of making sure he had the right people “on the bus” in order to form a strong team. I am confident that as we embark upon the journey of the 180 student days which comprise the 2019-2020 school year, we have the right people on the bus. It is my hope that you will join us “on the bus” and we, together in partnership, can provide “our” children with an educational, academic, and socio-emotional experience like none other.

I am pleased to share with you that as a TAG Center we once again have a full-time TAG Coordinator in the wondrous person of Mrs. Amanda Meyer. Joining the 2nd Grade team as a magnificent and spirited Mathematics, Science, and Health teacher is Ms. Jasmine Mills. Described by her former principal as “a 1st Round Lottery Pick” teaching Reading, Language Arts, and Social Studies is Mrs. Jessica Ramirez. Completing the 3rd Grade team is the very energetic and dynamic Ms. Rhianna Alexander. And last but not least, solidifying the 5th Grade team teaching Mathematics, Science, and Health is Mrs. Christienne Coleman-Warren.

To continue the sports theme, our training camp has ended, the right people are on the bus, the game plan has been set, and we’re ready to get in the trenches, make every snap/day count, and in the end, be victorious for our students.

I’ll end as I began by making this clear-minded and earnest proclamation that will be the fuel that drives the bus; we the staff of Mattaponi Elementary are committed to the belief that 

#MattaponiESChildrenMatter.

Sincerely,

Mr. Stephen I. Green, Jr.
Principal
