Student Registration Process and Procedures

Registration Hours: Monday - Friday: 8:00 a.m. - 2:00 p.m.

To register your child at Parkdale High School, you must live within the school boundaries or have an approved transfer according to the policies of the Office of Pupil Accounting and School Boundaries. Biological parents or legal guardians can register students.

The following ORIGINAL documents are required: mortgage statement, deed, or current lease; current utility bill dated within 30 days or less (i.e. water, gas, electricity bills); student’s birth certificate which includes mother’s name; student’s health record including immunizations for Hepatitis B and Varicella; student’s social security card (optional); withdrawal packet from previous school (includes grades, attendance, and test scores); and parent’s/guardian’s driver’s license. The school needs copies of these documents for our records.

Prince George’s County Public Schools reminds all parents that students will not be permitted to register for school without up-to-date immunization records. Free immunizations are available for children without health insurance for Prince George’s County residents. For information and to make an appointment for a free immunization, call the Prince George’s County Health Department at 301-585-3300.

Process for Addressing Concerns with Your Child’s Teacher

Contact the teacher directly to address your concerns. Please allow 48 hours for the teacher to respond. If further assistance is needed, next contact your child’s guidance counselor and/or administrator to assist with the matter. If additional assistance is needed after taking the above steps, contact the Principal.

How to Set up a Parent/Teacher Conference

Parent Teacher Conferences are held Monday, Tuesday, Wednesday and Thursday starting at 2:30 p.m. Parents should check in with the main office secretarial staff by 2:15 p.m. in order to avoid being held up by the buses. To meet with all of the teachers, please contact your child’s professional school counselor by telephone or by email to schedule an appointment. If for any reason you will be late or unable to attend your scheduled conference, please contact the guidance secretary immediately. If you would like to meet only with one or two of your child’s teachers, please contact that teacher directly by email or calling the main office at 301-513-5700 in order to make arrangements.

Parental Shadowing and Support

Parkdale High School utilizes the support of the parent to intervene and respond to student behaviors that are inappropriate at the school level. Parent shadowing is an option to potentially avoid further disciplinary actions. Shadowing involves the parent accompanying their student to each class for the entire school day (including lunch). Additionally, this is not a time to conference with the teacher. Our school day is 7:45 a.m.-2:25 p.m.
We ask that parents arrive to the school house with their child by 7:30 a.m., at which time you will sign in and receive your child’s schedule. In the event that the parent chooses not to shadow or does not complete the shadow, other disciplinary measures will be taken in regards to the student’s behavior.

**Grading Policy** *(Prince George's County Public Schools 2 Administrative Procedure 5121.3)*

1.) Grades will be used on report cards for all courses taken for credit. The grades will be reported in a numeric scale from 0 to 100.

2.) Final numeric grades will be converted to alpha grades. The grades eligible for use on report cards are A, B, C, D, E, F, I, N, P, UC and W, with no plus or minus signs.

Interpretation of letter grades is as follows:

- **A** = Excellent progress toward meeting course objectives and learning outcomes (90-100%).
- **B** = Above average progress toward meeting course objectives and learning outcomes (80-89%).
- **C** = Average progress toward meeting course objectives and learning outcomes (70-79%).
- **D** = Below Average progress toward meeting course objectives and learning outcomes (60-69%).
- **E** = Failure toward meeting course objectives and learning outcomes (0-59%).
- **I** = Incomplete. The "I" grade may be used temporarily for secondary students who have been lawfully absent from school and have not had an opportunity to make up missed work in a timely manner.

- **P** = Pass (credit bearing).
- **F** = Fail (not credit bearing).
- **UC** = University or College grade pending.
- **W** = Withdrawn. The School Instructional Team agrees to allow a student to drop a course after twenty (20) school days from the start of a year-long course or ten (10) days in a semester course. If a student receives a "W" in a college or online course, a "W" will be the grade earned in the high school course.

3.) Factors used to determine student grades must include the following items:

- Class Work
- Homework
- Assessment

4.) Teachers shall assign a minimum grade of 50% to assignments or assessments for which the student completed the entire assignment and made a good faith effort. Good faith effort is evidenced by the student displaying persistence, striving for accuracy, time on task, and/or trying an alternative method to solve a problem (which may not be accurate). It is also a display of thinking as a student works to sort through ideas, apply context or figure out how to solve problems. If a student does no work on an assignment, the teacher shall assign a grade of zero.

- Released time: Attend school, depart at scheduled time
- Concurrent enrollment: Attend school/university class as indicated

2 hour delay:

Student Rights and Responsibilities Handbook

To ensure students continue to learn in a safe and supportive environment, PGCPS developed the Student Rights and Responsibilities Handbook. This handbook is designed to outline the expectations for students and parents/guardians, as well as the procedures to teach
students decision-making and problem-solving skills, along with consistently applying rules, expectations and discipline in our schools. Please review the contents of this handbook with your child and make sure they are aware of the opportunities and their rights and responsibilities as a member of the Prince George’s County Public Schools community. Click here to view the handbook in its entirety. Important segments of the handbook listed below.

**Electronic Devices**

Students may use Personal Electronic Devices (PEDs) during the school day for instructional purposes, and at other times approved by the principal/designee, and/or during assigned lunch periods. When students do not have permission to use PEDs, the devices must be turned off and be stored in the student's pocket, backpack, purse, locker or vehicle. If a student uses the PED without permission, or refuses to comply with a reasonable request by authorized school personnel, including school bus drivers, to turn off or store PEDs, the student will be referred to administration for an appropriate response. In limited, emergency circumstances, principals may confiscate PEDs until the student's parent/guardian comes to the school to retrieve it.

The school system does not govern the personal use of technology outside of school. In instances where the use of devices create a threat to students, staff or administration within the school environment and impedes opportunities for learning, or impacts the safe operation of the school bus, the school will apply disciplinary action in accordance with the Student Rights and Responsibilities Handbook. Social Media misuse includes internet/computer and the misuse of other electronic devices that may have the impact of substantially disrupting the educational environment. Social media is inclusive of, but not limited to, web-based and mobile technologies, social networking sites, blogs, instant messaging, twitter, social blogs and video based sites such as YouTube. The most common misuse of social media is harassment via cyber bullying. When cyber bullying takes the form of harassment of protected classes, it may be prosecuted as a violation of a person's civil rights.

**Tips: Students Should**
- Maintain privacy by not sharing passwords and/or codes.
- Use telecommunications in school for educational purposes only under the direction of a teacher.
- Use telecommunications or PEDs in school at other times, such as during lunch periods and extracurricular activities, if approved by school administrators.
- Report acts of cyber bullying, harassment or sexual harassment to school staff. Do not respond to the harasser.

**Tips: Students Should Not**
- Share usernames or passwords.
- Access and/or use social media websites on school equipment.
- Access social media sites while in school, on school property or while attending school sponsored events.
- Post photographs, videos and tweeted messages of fights or threats of fights on social media sites.
- Use electronic devices to distribute/post abusive, harassing, bullying, libelous, obscene, offensive, profane, threatening, sexually explicit or illegal material including photos and comments. Violations in the Student Rights and Responsibilities Handbook, Board Policies, and school rules while using social media websites may result in a disciplinary response.
Bullying & Harassment or Intimidation

What Is Bullying, Harassment or Intimidation? Bullying, harassment and intimidation are anti-social behaviors that are characterized by intent to cause harm and an imbalance of power. Bullying, harassment and intimidation is intentional behavior that includes verbal, physical, written or intentional electronic communication that creates a hostile educational environment by substantially interfering with a student's educational benefits, opportunities, or performance, or with a student's physical or psychological well-being. Bullying, harassment or intimidation may be motivated by an actual or a perceived personal characteristic including race, national origin, marital status, sex, sexual orientation, gender identity, religion, ancestry, physical attributes, socioeconomic status, familial status, or physical or mental ability or disability or is threatening or seriously intimidating; and, occurs on school property, at a school activity or event, or on a school bus; or, substantially disrupts the orderly operation of a school. Bullying, harassment or intimidation may be repeated or have the potential to be repeated. Bullying, harassment or intimidation includes discrimination. Who Reports Allegations of Bullying, Harassment or Intimidation? Anyone can report allegations of bullying, harassment and intimidation. Students, parents, teachers, school administration, other staff, school volunteers or the community-at-large may report these behaviors. How Do I Report Bullying, Harassment or Intimidation? Reporting is not tattling or snitching. Reporting is providing information to an adult to address behavior that must be stopped. All reports should be documented in writing on the Bullying, Harassment or Intimidation Reporting Form (Click Here). The form is available from security.

What Happens After the Report Is Submitted?

Once the report is submitted to the school, a prompt investigation will be conducted. Findings of the investigation will be documented on the Bullying, Harassment or Intimidation Incident School Investigation Form. The school will notify parents of the victim and the offender regarding the outcome of the investigation once the investigation has been completed. The notification must respect the confidentiality of the victim and the offender. Therefore, specific information related to disciplinary consequences will not be provided (Administrative Procedure 5143 Bullying, Harassment or Intimidation). If bullying, harassment or intimidation is substantiated, the school team should develop a plan of support.

Sexual Harassment

Any conduct that violates the policy on discrimination or harassment committed by any student of either sex against students is inappropriate behavior. Conduct that is of a sexual nature is the most commonly reported form of sexual harassment. This conduct may include overt sexual solicitation, inappropriate touching, sexual jokes and inquiries about a person's sex life. This includes unwanted sexual advances, requests for sexual favors, and other verbal or physical contact of a sexual nature. Sexual harassment also includes acts that are not overtly sexual, but rather are directed at individuals based on their gender, such as profanity or rude behavior that is gender-specific. These issues must be brought to the
attention of school administration. Unresolved concerns may be elevated to the Director of Student Engagement and School Support. Remember, all types of bullying, harassment or intimidation are reported on the reporting form.

**Parental Support**

High school is a new experience that fosters more responsibility for your child. Although they are old enough to make some of their own decisions they still need their parent/guardian to provide guidance and monitor their progress. The following tips may be helpful: Set realistic goals, expect your child to get to school and class on time every day, schedule parent conferences quarterly, review school max weekly, work together with your child’s teacher, counselor and administrator and if you have questions or concerns make a phone call or send an email, know the dates that progress reports and report cards are coming out, and if you don’t receive a copy contact the school. Encourage your child to be involved in school activities and show support by attending the performances or games, make sure that your child is not spending too much time online, on the phone, texting, playing video games or watching TV. These things can sometime interfere with school performance.
