Hello Phyllis E. Williams Family, 4 August 2020

I am pleased to share that I have been appointed by the CEO, Dr. Monica Goldson to serve as the Acting Principal of Phyllis E. Williams, Spanish Immersion. Although retired, I have continued to support many county schools in many supervisory positions. In the past several years I have had the pleasure of being the Acting Principal specifically at Cesar Chavez Spanish Immersion, Paint Branch Chinese Immersion and Dora Kennedy French Immersion.

As we look forward to this school year, it has been decided (because of the Pandemic) that we will remain in Virtual Education the entire first semester. We will inform you of all details as they are shared with us by our school system, and our CEO... Each new year provides opportunities for us to reflect on the necessity for the implementation of best practices, new strategies and continued collaboration of all stakeholders. Immersion teacher training has prepared our passionate and committed staff to actively participate in professional developments, workshops and additional technology training which will enhance their classroom lesson delivery, whether live or pre-recorded. It is our goal that all lessons will provide our scholars with a robust, virtual learning experience which they can achieve and succeed. Dr. Goldson has charged all of us to deliver exciting, energized and interactive academic instruction in order to support growth and achievement for every student.

Parents, we need you as partners. You are a significant part of this equation. Let us all prepare for a successful year of virtual education where our children are the benefactors. I am committed to doing the work with you. We are capable of doing great things together for all students.

Take care... Stay well... Be safe ... Remain Healthy

Cynthia J. Rodgers, Principal-Acting
