Philosophy

It is our belief that athletics is a way to achieve a balanced educational program for our students. As we all know athletic competition, by its nature, will contribute to greater student awareness of self-discipline, a growth in emotional maturity, and an increasing realization of the worth of the individual. Students will also realize that participation in athletics is not only a privilege but is also an honor that requires responsibility for maintaining one’s academic standing in the classroom and for maintaining a high standard of conduct outside of school hours as outlined in the athletic handbook and the “Student Code of Conduct”.

All of our coaches should first and foremost be leaders of young men and women by constantly setting a good example of what it means to be an athlete during and after school hours. It is expected that our coaches will be consistent and fair in all rules and regulations applied to the athletes they coach.

There should be a complete understanding that all persons involved with the athletic program abide by all state and county guidelines and policies.

The primary goal of our education based athletics program will always be to achieve success in all academic and competitive endeavors. It is recognized that a positive education based athletic program can contribute significantly to school morale and community pride as well as to the pride and honor for all persons involved with the athletic program.

We believe as athletic administrators and coaches we bear the responsibility for the periodic evaluation of the total program. New programs should be suggested when appropriate, and old programs scrutinized to be sure that they are meeting the needs and interests of student-athletes.

It is our belief that student’s participation in athletics could very well influence the rest of his/her life. For this reason, we are committed to providing great customer service and excellence in all phases of a sound education based athletics program.

ATHLETICS “The Other Side of Education”
Vision

Prince George’s County Public Schools envisions an athletic program, which will allow students to pursue academic and athletic excellence through participation in a high-quality sports program. Athletics shall enrich the school environment and its coaches, student athletes and administrators shall be positive role models for the school population and its community. Extra emphasis will be placed on sportsmanship, character education, building lifelong learners and the importance of physical activity for one’s overall health. Our athletic program will aspire to be the premier program in the State and nationally.

All Administrative Procedures executed by Prince George's County Public Schools supersedes the contents of this document.
Constitution of the Prince George’s County High School Athletic Association

ARTICLE I: Name

The name of this organization shall be the Prince George’s County High School Athletic Association.

ARTICLE II: Purpose

The purpose of this Association shall be to promote, organize, and administer athletics among the high schools in Prince George’s County.

ARTICLE III: Organization

The Association shall be composed of the Coordinating Supervisor of Athletics, Supervisor of Athletics, the high school principals, an athletic director from each school, and one individual representing each sport.

Sports Representative for MPSSAA Sports:
Candidates for the position of Sports Representative shall be nominated by the respective coaches group bi-annually. Nominations shall be sent to the Coordinating Supervisor of Athletics. The Coordinating Supervisor and his/her staff shall select the final representative. An active PGCPS coach or athletic director shall be nominated.

Sports Representative for sports not recognized by the MPSSAA:
Candidates for the position of Sports Representative shall be nominated by the respective coaches group bi-annually. Nominations shall be sent to the Coordinating Supervisor of Athletics. The Coordinating Supervisor and his/her staff shall select the final representative. All qualified individuals regardless of whether they are members of the current coaches group shall be nominated.

The Association shall operate within the framework of the Maryland Public Secondary Schools Athletic Association and PGCPS Administrative Procedure 5159. It shall be directly responsible to the Chief Executive Officer or his/her designee, the Coordinating Supervisor of Athletics.

ARTICLE IV: Officers – Term of Office

The officers of this Association shall consist of a president, vice-president, and secretary – treasurer. The Coordinating Supervisor of Athletics shall hold the office of the secretary-treasurer. The president and vice-president shall be elected to a two-year term with the vice-president automatically succeeding the president. Election of the vice-president and secretary will be held at the final meeting of the second year and the newly elected vice-president assumes office on July 1st following the election.
ARTICLE V: Executive Committee

The officers, one principal, one athletic director, one sports representative, to be elected bi-annually by the athletic directors, the Coordinating Supervisor of Athletics and the Supervisor of Athletics shall be the Executive Committee responsible for the routine operation of the Association.

Removal and Replacement

In the event that a representative needs to be removed prior to the next election due to the representative’s violation of State or County Rules, failure to perform his/her duties, or a decision that, in the judgment of the Executive Committee, compromises the integrity of the sport or event.

The Executive Committee shall provide the representative with written notice of the grounds for removal and an opportunity to respond in writing or in person within 5 business days. Upon review of the representative’s response, if any, the Executive Committee shall, by majority vote, either rescind the removal recommendation or effectuate the removal. Any representative removed for cause shall be ineligible to seek election for any office during the next election of the Association. If a representative must be replaced, due to removal or any other circumstance (e.g., illness, termination of employment, etc.), the Coordinating Supervisor and his/her staff shall select a replacement representative to serve the remainder of the term.

ARTICLE VI: Meetings

There shall be at least three general meetings during the school year, and there shall be such other meetings as circumstances and necessity may dictate. Meetings are defined as audio, video, or in-person meetings or a combination of all. Committee meetings shall meet as needed and shall be conducted via the aforementioned methods. The general meetings shall be called by the President, the Coordinating Supervisor of Athletics, or by the President upon the petition of three or more members of the Association. The Supervisor of Athletics may call a meeting in the absence of the Coordinating Supervisor of Athletics.

ARTICLE VII: Voting Privileges

Proposed Language – Each member is entitled to one vote and any officially designated alternate shall be entitled to one vote in the absence of the member and shall have full authority to vote for the member. Votes can be done in the general session meetings or via electronic submission within a 48 hour period after the vote is called.

ARTICLE VIII: Quorum

A quorum shall consist of a majority of all members of the Association.
ARTICLE IX: Amendments

Any part of the Constitution may be amended by a two-thirds affirmative vote of the membership, the proposed amendments having been read at a prior meeting provided that a period of at least thirty (30) days shall have elapsed between the reading of the proposed amendment and action for ratification or that any amendment may be proposed by any member provided that the proposed amendment be submitted in writing to each member at least thirty (30) days prior to a meeting.

If the said amendment should affect board policy as outlined presently in this constitution and bylaws or if the amendment relates to a monetary item that is to be met with Board of Education funds, it shall apply only after referral to the Superintendent and the Board of Education where their official approval has been granted.

ARTICLE X: Bylaws

Bylaws shall be established to provide operating procedures for the Association.

The bylaws may be amended by a majority affirmative vote of the membership provided that such amendment shall become effective at the beginning of the following sport season. Proposed amendments to the Bylaws must be submitted to all principals, athletic directors, and coaches’ representative two weeks prior to their inclusion on the agenda of the association.

However, the Bylaws will be amended in the event that said Bylaws come into conflict with changes in the Bylaws of the Maryland State Public Secondary Schools Athletic Association.
Bylaws of the Prince George’s County
High School Athletic Association

Revised July 6, 2010

BYLAW I
Eligibility

Student eligibility for participation in athletics at the secondary school level shall be based on the following criteria:

A. MPSSAA Policies

1. Students must be officially registered as required by Maryland School Laws and they may represent only the school in which they are registered.

2. Students who are 19 years or older as of August 31 are ineligible to participate in athletics for the school year ahead.

3. Students may participate in athletic contests for a maximum of four seasons in any one sport in grades 9, 10, 11, and 12.

4. A student shall be examined and certified to the high school principal as being physically fit to participate in any try out, practice, or contest of a school team. A licensed physician, certified physicians’ assistant under the supervision of a licensed physician or a certified nurse practitioner, shall perform the examination. Physical examinations are valid for one year (calendar year).

B. Prince George’s County Policies

1. 2.0 - Eligibility

a. Eligibility rosters must be submitted to the school’s athletic director 1 week before the first play date as published by the MPSSAA Office. Additions to the eligibility roster must be submitted prior to any participation. An eligibility roster for each sports team will be sent to the Office of Athletics prior to the first official play date as published by the MPSSAA. The athletic director will retain a duplicate copy in the school.

b. All students in grades 9-12 must earn an overall quarter Eligibility Index of at least 2.0 in order to participate in extracurricular activities or athletics during the following quarter. In coming 9th graders are exempt until the 1st grading period.

c. If a student’s Eligibility Index falls below 2.0 at the end of a quarter during which he/she is participating in a sport or activity, and the sport continues through the following quarter, the student will no
longer be eligible for participation in the sport or activity. The student will need to cease participation, effective the date the report cards are released to students, as listed on the approved Board of Education School Calendar.

d. Personnel from the Division of Information Technology will compute the Extracurricular Activities Eligibility Index for all students in grades 9-12 at the end of the first, second, and third quarter and for all students in grades 8-11 at the end of the fourth quarter. (Averages will be rounded to two places behind the decimal.) This data will be sent to schools. The Extracurricular Activities Eligibility Index (Quarter GPA) will be printed on student’s report cards at the end of each quarter.

e. If a student transfers to Prince George’s County Public Schools from an approved, unapproved, or unaccredited educational program without a current transcript or GPA, eligibility will be determined by entering all classes and grades earned during the previous quarter into the student information system and running processes prescribed by the Division of Information Technology to compute the student’s quarter GPA. **If the student has a current GPA, it shall be used to determine his/her eligibility (AP 5121.3).**

2. Raising Grade Point Averages through Summer School and Evening School. A student may bring up a quality point average by retaking a course or through taking an additional course in summer school or evening school.

   a. A student who has a 2.0 GPA or above at the end of the fourth quarter remains eligible for participation in sports or extracurricular activities during the first quarter of the fall semester regardless of grades he/she received in any course taken during summer school, whether for original or repeat credit.

   b. A student who passes all courses at the end of the year but achieves fourth quarter GPA below 2.0 may enroll in any summer school course approved by the Area Associate Superintendent of the High School or his/her designee. The course may be for original or repeat credit.

   c. A student, who fails a course in English, Social Studies, Mathematics, and or Science, must repeat and pass the course failed.

   d. A student who fails a course, which is not offered in summer school, may enroll in a summer school course, which has been approved by the Area Associate Superintendent for the High School or his/her designee. The course must be in the same content area.
If a course is repeated in summer or evening school, the new grade will replace the existing grade for purposes of determining eligibility only. If a course is taken for original credit in summer or evening school, that grade will be averaged with existing grades for purposes of determining eligibility.

The Eligibility Index should not be recalculated manually. Schools will receive an annual memorandum from Instructional Data Systems describing the procedures to update the Eligibility Index from summer schools grades.

Students who are presently ineligible will be declared eligible, after an internal audit of their grades is made and on the date published by the Board of Education. Coaches, athletic directors, and the principal will verify through their signatures that these athletes are eligible. Once athletes complete their 10 day conditioning period, report cards are issued, and an addendum to the eligibility roster has been received in the Office of Athletics, athletes will be able to participate in athletic events.

3. Students Exemptions – There are no waivers/exemptions.

4. Appeals Procedure

   a. The Principal shall determine whether an appeal involves challenging a course grade

   b. If the appeal involves a challenge of a course grade, the steps described in Administrative Procedure 5121, Section III-F should be followed.

   c. If individual students, parents or guardians wish to appeal application of the Board policy for their child, the appeal route will be as follows:

      1. Appeal to the Principal who will verify the accuracy of the student’s quarter GPA.

      2. Appeal to the Superintendent, or his designee, who will verify the information submitted by the school and determine if extenuating circumstances warrant the granting of a waiver. The Superintendent’s waiver may be conditionally granted.

      3. A further appeal may be made to the Board of Education.

5. Attendance
a. A student must maintain high standards of citizenship. A student suspended from school is ineligible to participate in athletics for the duration of the suspension.

b. Students must be in school to practice or participate in any sport contest that particular day (except with legal excuses as defined by the Board of Education policy).

6. Residency and Transfers

a. Residency - A student is eligible to participate in Athletics at the school to which he or she is assigned under **Prince George’s County Schools Administrative Procedure 5111**. School registration personnel shall determine that a student and parent or court appointed guardian resides in their school attendance area. To verify the school of attendance you must use the PGCPS school finder.

For the purpose of determining athletic eligibility students must establish one (1) place of residence. “Residence” is defined as the equivalent of the term “domicile” as applied by the courts of the State of Maryland. Under no circumstances can a student have more than one residence for athletic eligibility.

Any change in residence must be **bona fide**. The home address provided to the registrar and shown on the Athletics Parental Permission form must be the sole bona fide residence, and the school principal must be notified immediately of any change in residence, since such a move may alter the eligibility status of the student.

b. Team Member Transfers

Students who are a member of a sports team may only represent one school during a sports season and/ or school year. Students are immediately ineligible for the remainder of the school year upon transferring from one Prince George’s County Public School to another in county public school.

**Appeal Process:**

If unusual circumstances exist, parents may appeal the ineligibility in writing to the Coordinating Supervisor of Athletics, 4400 Shell Street, Capitol Heights, MD 20743. A copy of the approved transfer form (PGIN – 75403001) must accompany the appeal.

A hearing committee of 3 athletic directors, a high school principal and the Coordinating Supervisor of Athletics shall convene within 5 business days to hear the case and determine eligibility.

7. Expulsion
a. When a student’s expulsion covers any grading quarter, he/she is ineligible for the following quarter as no grades are earned.

b. If a student’s expulsion covers the fourth quarter, he/she is ineligible for fall sports as no grades are earned.

8. Medicals

Students are required to have an annual medical evaluation before participation. Prince George’s County Public Schools Medical Evaluation Form must be used (PGIN #7540-3100).

9. Senior Year Eligibility

a. No student will be eligible for athletics that is classified as a senior in two (2) separate academic years. Exceptions may be granted for students who have been continuously registered and attending. Appeals may be submitted in writing to the Coordinating Supervisor of Athletics at 4400 Shell Street, Capitol Heights, MD 20743.

BYLAWS II
Coaching Guidelines

A. All head coaches of a respective sport shall meet annually with the sports representative prior to their season to review guidelines to be followed by all teams in that sport. Any recommendations must be filed with the Athletic Association, the Coordinating Supervisor of Athletics, and the President of the Athletic Association must approve all recommendations. Any alleged violations of said guidelines shall be subject to the protest procedure.

B. Coaches are prohibited from recruiting or instigating recruitment of students for the purpose of athletic participation. Recruiting shall be defined so as to include contacts between coaches, students, parents/guardians or all agents representing the family residing outside their fixed attendance area unless that student is already enrolled in that school’s program.

C. Any coach found in violation of County and/or State Bylaws is subject to Maryland Public Secondary School Athletic Association Bylaw section .05 (3) (violations, penalties, and appeals).

Protest

A. Protests or complaints growing out of interschool competitions, such as those dealing with eligibility of participants or with alleged violations of rules and regulations shall be filed with the President for adjudication or settlement by the Association.
B. No protests will be considered which are based upon the real or alleged failure of contest officials to render correct decisions in matters of judgment.

BYLAWS III
Rules and Interpretations

A. The Coordinating Supervisor of Athletics or his/her designee (supervisor of athletics), the President of the Association or in his or her absence the Vice-President of the Association is authorized and required to interpret league rules and regulations.

B. Requests for Interpretation may be addressed to the Coordinating Supervisor of Athletics or his/her designee, or the President. When such a case is referred to the President, he/she shall consult with the Coordinating Supervisor of Athletics to learn of any precedents bearing on the case. The Coordinator or President may refer cases for interpretations to the Association for official ruling.

C. Oral interpretations by the Coordinating Supervisor of Athletics, his/her designee, the President of the association shall be considered as binding pending written interpretation without penalty. It shall be considered in any case, and presented to the Association. If later committed to writing, however, such interpretation shall have the same force and effect as other written interpretations.

D. Written interpretations by the Coordinating Supervisor of Athletics, his/her designee, or the President of the association shall be official and binding on member schools, unless and until they are changed by action of the association or the Board of Education.

Reporting Violations Procedure

A. The principal, athletic director, and/or coach of each member school is obligated to report any violation of PGCAA Athletics Handbook, MPSSAA state handbook, or NFHS rules book to the Coordinating Supervisor of Athletics. Whenever the coordinator learns officially of an alleged violation he/she shall make a complete and thorough investigation.

B. Only the Coordinating Supervisor of Athletics or his/her designee, principal, or athletic directors may initiate protests. The Coordinating Supervisor of Athletics or his/her designee shall investigate all creditable allegations (Reports to Internal Audit, hotline calls, substantiated parent complaints, etc.) Protests shall be in writing, addressed to the Coordinator Supervisor of Athletics and shall contain a digest of all facts pertinent to the case.

Ruling on Admitted or Alleged Violations

A. Self-reported Violations: Upon receipt of written admission of a rule violation, the Coordinating Supervisor of Athletics or his/her designee shall convene a hearing via electronic medium or in person with the principals and the athletic directors of the
school (s) involved to determine an appropriate penalty. The party that allegedly committed the violation will be afforded the opportunity to be heard. Penalties must be in line with those imposed for similar infractions.

B. Upon receipt of a written protest (not self-reported), the Coordinating Supervisor of Athletics or his/her designee shall convene a Rules Infraction Committee to decide if a violation has occurred. Additionally, the committee will determine an appropriate penalty. The investigative committee shall be made up of the Coordinating Supervisor of Athletics, the Ethics Compliance Officer, and the Associate Superintendent for High Schools. The panel shall hear all alleged violation of Prince George’s County Athletic Association Rules and Maryland Public Secondary Schools Athletic Association (MPSSAA) Rules and Regulations.

C. Members of the investigative committee may not serve on that committee if their school is involved in any investigation of any kind. The hearing committee shall meet within 10 business days to consider and act upon each protest properly filed with the Office of Athletics.

D. In each case in which disciplinary action is taken or the committee imposes a penalty, the Coordinating Supervisor shall file a complete report with the CEO and other parties involved. Penalties will follow state guidelines (See State Handbook Violations, Penalties, and Appeals).

The process outlined below will be followed:

1. The Coordinating Supervisor of Athletics shall initiate a formal investigation of the allegations and/or alleged violation. Documentation to refute the allegation is welcomed during the investigation process.

2. The Coordinating Supervisor of Athletics shall convene the Rules Hearing Panel to discuss the findings and render a ruling and respond, in writing, within ten school days for in-county violations and 5 school days for MPSSAA violations after receiving all information regarding the allegations in writing. The Coordinating Supervisor actively investigates the allegation(s) as soon as they are brought. Also, these allegations are never reported by the team, students or coach that is in violation of the rules. In many cases we remove the student or coach until we can determine if the allegations are true or not.

3. The Coordinating Supervisor of Athletics shall cite all rules, regulations, by-laws, rulings, and/or other appropriate information related to the issue presented.

4. The Rules Hearing Panel decisions for in-county violations may be appealed in writing to the Chief Executive Officer within 10 business days. Decisions on MPSSAA violations may be appealed to MPSSAA. A member MPSSAA school, student, or coach may appeal the imposed penalty within 30 days and request a hearing before the Appeals Committee of MPSSAA.
Appeals

A. Final decisions of the Investigative Committee Rules Hearing Panel shall be binding upon the membership of the Association.

B. Appeals from the decision of the Association may be made to the CEO (PGCAA Rules) or the Executive Director of the MPSSAA (State Rules).

Sanctions Imposed by Other Jurisdictions

A. Students, who are under a sanction in another Maryland County or the MPSSAA, must complete the penalty or penalties imposed prior to becoming eligible to participate in Athletics in Prince George’s County Public Schools.

B. Parents may appeal in writing to Earl Hawkins, Coordinating Supervisor of Athletics, 4400 Shell Street, Capitol Heights, MD 20743.
GUIDELINES AND PROCEDURES

The members of the Prince George’s County Athletic Association have adopted the following guidelines and procedures to cover all athletic sports. All Prince George’s County coaches and athletic teams will follow the guidelines that are stated herein and in Maryland Public Secondary School Athletic Association Handbook.

I. FALL, WINTER, SPRING SEASONS: REFER TO MPSSAA HANDBOOK (.03A)

III PRACTICES

A. Practices may be held every day that schools are in session and on Saturday. Athletic Directors will notify coaches and athletic teams of any non-practice and non-contest days and dates. Practice should not be held during faculty duty hours unless approved by the Associate Superintendent for the High School. (Consult no-practice/no-play bulletin.)
B. When schools are closed due to inclement weather, all practices and games are cancelled. For information relevant to non-school day practice/games, call Security at (301) 499-7000.

C. When two practices are held in one day, each session should not exceed two hours.

D. When one practice is held in a day, the practice should not exceed 3 hours.

E. The number of scrimmages is limited to two (2) home and two (2) away scrimmages for all athletic teams during the preseason and regular season. Athletic teams will be allowed 1 postseason scrimmage. All scrimmages must be within the fifty (50) mile radius that is allowed by the Prince George’s County Public School Transportation department. However, a school may have the option or flexibility of having more home than away scrimmages (ex. 3 home, 1 away). – see MPSSAA Handbook for definition of a scrimmage.

F. Hot Weather Guidelines (refer to APPENDIX).

G. All regular season Varsity and Junior Varsity contests must be played using a majority of the team members listed on the preseason eligibility roster. Any exceptions to this rule must be submitted to the Coordinating Supervisor of Athletics within 24 hours prior to the next scheduled contest. Only the Coordinating Supervisor of Athletics can end a sport season.

IV. ATHLETIC FINANCIAL RESPONSIBILITIES OF EACH SCHOOL

VI. GENERAL INFORMATION FOR ALL SPORTS

A. Warm up for games
   1. Proper warm up must be given to teams; special consideration should be given to visiting teams arriving late due to unforeseen circumstances.
   2. Pre-game and Half time Warm up Guidelines
      i. Players can only warm up in their assigned half of the playing area.
      ii. Players cannot run laps around the entire playing area and must avoid their opponent’s bench during laps.

B. The Office of Athletics must approve all postponements and cancellations. Once approval is given, the home team is responsible for contacting the opposing team and sport commissioner immediately.

C. Post-game departure
   1. Visiting schools should depart the school premises within 20 minutes of the end of the game.
   2. The coach of the visiting team shall inspect the dressing area of the visiting team before and after a contest. Problems or concerns should be reported to the game manager, athletic director or home team coach.

D. Communicable diseases (refer to NFHS policy)

E. Drug, alcohol, and tobacco use (refer to Student Code of Conduct)

F. Child abuse (Administrative Procedure 5145)

G. Discrimination and Harassment (refer to Administrative Procedure 4170)

H. .09 Sanction Rules—(MPSSAA Handbook, Pg. 27)
   1. Students or teams representing a member MPSSAA school shall participate only in contests conducted by educationally related organizations.
   2. Member MPSSAA schools may not compete in any contest in any other state if either school’s participation violates the regulations or established policies of either state’s high school interscholastic athletic authority.
   3. Sanctioning Guidelines
a) Member MPSSAA schools may not compete in any of the following contests unless the contest has been sanctioned by each of the interested state authorities through the NFHS.

i. Any interstate meet which four or more schools participate;

ii. Any competition involving schools from three or more state athletic associations;

iii. Any interstate two-school contest which is not sponsored by a NFHS state association or a state member school;

iv. Any interstate two-school contest which involves travel outside the United States of America; or

v. Any interstate two-school contest (regardless of distance to be traveled) which is sponsored by an individual or an organization other than a member MPSSAA high school.

I. Fingerprinting and Criminal History Background check for coaches (refer to Prince George’s County Administrative Procedure 4215).

J. Equity (refer to Prince George’s County Board of Education Policy 0500).

K. School mascots and colors (refer to appendix).

L. Testing dates (see Prince George’s County yearly Testing Schedule for High Schools).

NOTE: For safety reasons and continuity of programs, at the beginning of each sports season, a minimum number of players per sports team will be set. There will be an ongoing evaluation of programs during each season. If the number of players falls below the minimum, the program will be re-evaluated by the school athletic director and the supervisor of athletics. The minimum number for each sport must be met at least seven days prior to the first contest.
The PGCPS ATHLETIC CHANNELS OF COMMUNICATION GRAPH shows the basic organization and levels of The Athletic Department infrastructure. This graph should be used to identify the proper communication path needed to get questions answered or problems resolved.

**Coordinating Supervisor** - The Coordinating Supervisor of Athletics is the official athletics administrator who is directly responsible for the overall supervision, coordination, and operation of the PGCPS Athletics program.

**Supervisor** - The Supervisor of Athletics is the official athletic administrator who reports directly to the Coordinating Supervisor of athletics and shall provide supervision, training, and evaluation of athletic directors for both high and middle schools while ensuring a sound athletics program.

**Athletic Director** - The athletic director is directly responsible to the principal and to the administrators of the athletics office. The athletic director is primarily responsible for providing the leadership, administration, and supervision of the day-to-day operations of their athletic program.

**Coaches** - All head coaches shall be responsible to the athletic director for the total operation for their respective sports programs. Head coaches will be responsible for duties described in the coach’s job description, and/or any duties delegated by the athletic director.
Athletic Director Responsibilities

The Athletic Director is a member of the faculty who acts as business manager and personnel supervisor of all athletic activities within the school in which he/she is employed. He/She is directly responsible to the principal and serves as a liaison between the school and the office of athletes.

The Athletic Director’s responsibilities are:

1. To become a Certified Athletic Administrator (CAA) through the National Athletic Administrators Association (NIAA) certification program within 2 years.

2. To conduct seasonal coaches’ meetings to review all aspects of the Athletic Program. (i.e. county, State regulations, student safety, reporting child abuse and neglect, and medical concerns)

3. To report all major incidents in writing (fights, injuries requiring emergency medical transport, ejections, issues with crowd control, etc.) to the Coordinating Supervisor of athletics or his/her designee immediately.

4. To organize and administer the athletic program for his/her school.

5. To complete and approve all athletic schedules.

6. To confer regularly with the Coordinating Supervisor of athletics or his/her designee about matters pertaining to athletics.

7. To verify the eligibility of each athlete as determined by the coach in cooperation with the school principal.

8. To enforce and be the in-school interpreter of the county and state athletic association’s rules and regulations, to conduct coaches, parent and student assemblies/meetings to review all MPSSAA Rules, the MPSSAA Sportsmanship Initiative “Respect the Game”, and the PGCPS Sportsmanship Agreement.

9. To arrange all details for practice items of teams, home athletic contests including gymnasium services, field assistance, security and dressing facilities for officials.

10. To ensure, with the cooperation of the coach, that all equipment for each sport is purchased, issued, collected, cleaned, reconditioned and stored.

11. To provide all coaches a list of athletes who have completed all required forms and documents in FormReleaf or as hard copy forms and been approved by the athletic director to try out for athletics.

12. To arrange transportation for all athletic events.
13. To be responsible for the preparation of overall athletic budget and individual expenditures by all members of the coaching staff with the approval of the principal.

14. To see that all coaches at the end of each sport season, submit an updated inventory and budget request for the following school year.

15. To submit to the supervisor of athletics the following forms when due:
   a. Football purchase orders
   b. Title IX Report
   c. Longevity forms
   d. Coaches lists
   e. EMT schedules
   f. Bus schedules
   g. Football ticket reports- and all unused tickets
   h. Appointment and authorization forms
   i. Payroll
   j. Ineligible Athletes Status Report
   k. Seasonal coaching vacancies
   l. Eligibility rosters (each season)
   m. OCR forms (each season)
   n. Game workers payroll – Fall and Winter
   o. Updated schedules
   p. Travel reimbursement forms
   q. Mandatory Ticket Report Form (all unused tickets)
   r. Athletic Financial Reports
   s. All other reports as required

16. Provide athletic schedules and all appropriate changes to sport commissioners for the assignment of officials.

17. To provide leadership with the principal in the selection and assignment of athletic coaches. Additionally, they must educate their staff on MPSSAA and PCGAA Rule and Regulations.

18. To supervise all ticket sales connected with the athletic program and assume responsibility for proper handling and accounting of monies involved to the supervisor of athletics.
19. To assist in fostering good school-community relations by keeping the community aware of the athletic program and be responsive to reasonable request of the community.

20. To attend countywide meetings when scheduled.

21. To provide coaches, athletes, administrative staff and the school community information pertaining to current trends and policies in athletics.

22. To verify each coach assigned to each sports team prior to and throughout the sports season.

23. To ensure that all coaches hold the National Federation of High Schools Level I National Certification and to complete an annual evaluation of all head coaches.

24. To attend pre and post payroll conferences as instructed by the Coordinating Supervisor of Athletics.

25. To maintain files that shall include all payroll documents for 5 years or until audited by Internal Audit.

26. To maintain electronic records of current coaching staff in FormReleaf. The files must include, but are not limited to coaches’ contracts, code of ethics, fingerprint receipts and proof of CPS background check, and coaches’ evaluations, their team rosters and official eligibility rosters for a minimum of 5 years or until audited.

27. To maintain a file on all student athletes for 6 years. Records should include, but are not limited to permission slips, emergency cards, physical forms, and transfer checklist.

28. To attend all PGCAA and athletic director meetings and/or work sessions.

29. To account for all paid game workers by utilizing a sign-in sheet.

30. To submit EMT time sheets.

31. To ensure that all non-school system coaches (paid or volunteer) attend the PGCPS Sexual Harassment Training and child abuse and neglect training.

*The vice principal in charge of the athletics program shall evaluate an athletic director in the sports where he/she is the head coach.

* Note: Athletic directors are members of Unit I please follow contract guidelines when assigning duties.

REMEMBER: The athletic program in Prince George’s County Public Schools and the State of Maryland is an educational experience. Sportsmanship is a skill that needs to be developed and nurtured in student-athletes. Athletic Directors are the leaders in this endeavor.

Coaches Information

Administrative Responsibility/Job Description of Coaches

The coach is expected to provide an atmosphere in which all athletes are treated in a fair and equitable manner. The coach shall exercise appropriate leadership to ensure that the program has a positive and productive influence on the total educational experience of athletes.

The coach must know his/her sport thoroughly, be familiar with current trends of the sport, have adequate skill background, and encourage wide student participation in the sport. The coach must be cognizant of all safety issues and hazards associated with his/her sport, communicate these concerns to players and parents, and devote full effort in providing as safe an atmosphere as possible.

All paid and volunteer coaches must hold National Federation of High Schools Level 1 National Certification in the sport in which they coach within 1 year of signing their initial contract.

Regulations, procedures, and guidelines that affect coaches are interspersed in various sections throughout this handbook. The following items provide a general job description for coaches in the PGCPS athletic program. Coaches shall:

1. Selection of the squad: choosing the members of the athletic teams is the sole responsibility of the coaches of those teams.

2. Assume responsibility for following the regulations in this handbook; know the content of appropriate rules books of national organizations; adhere to regulations outlined in the MPSSAA Handbook; adhere to procedures and guidelines contained in current state tournament bulletins; and follow the regulations of other organizations governing that sport.

3. Organize tryouts, practices, scrimmages, and games within defined guidelines of PGCPS and MPSSAA regulations and plan regular practices when county regulations permit. It is the expectation that teams practice every day in the course of the season except on those days where practice is not allowed by PGCPS regulation or where the team is involved in a contest.

4. Collect all required forms from students prior to their participation, including, current health inventory (physical examination), parent permission form, emergency medical card, and other forms as required by the school. The physical examination must be performed by a licensed physician, certified physician assistant under the supervision of a licensed physician, or certified nurse practitioner before the student participates in any clinic, tryout, practice, or contest. A medical examination is valid for one calendar year. Coaches are to inform those athletes whose parents are divorced and have joint custody that permission forms must be signed by both parents.
5. Submit to the athletic director necessary reports and forms, including, but not limited to, medical evaluations, parent permission forms, eligibility reports, rosters, **injury report forms**, **return to play forms**, lists of scrimmages, and practice schedules.

6. Understand and inform all athletes of guidelines regarding proper conduct, training rules, safety, and regulations established by PGCPS, PGCPSSAA, MPSSAA, the local school, and the individual coach.

7. Attend all practices, scrimmages, games, and coaches’ meetings.

8. Assume responsibility for sportsmanlike conduct of all players and team personnel and stress the importance of good sportsmanship to all team members.

9. Demonstrate concern for the success of the entire athletic program and not just that of a particular sport.

10. Advertise programs within the school and at feeder schools to encourage wide student participation in their sport.

11. Verify the eligibility of all participants according to both PGCPS and MPSSAA criteria.

12. Provide for effective locker room supervision prior to and after practices and contests.

13. Maintain appropriate individual and team statistics and records.

14. Notify the athletic director in writing, no later than the following day of any student(s) or coach(es) ejected from a contest.

15. Develop a plan for removing players immediately from the area in case of an emergency.

16. Periodically inspect equipment, fields, and facilities for safety, and report problems to the athletic director.

17. Mark and prepare playing areas for each home contest.

18. Submit to the athletic director an accurate preseason and postseason inventory of equipment and uniforms and assess appropriate team members for the cost of lost uniforms, equipment, and supplies.

19. Participate in awards and school recognition programs.

20. Maintain positive public relations with school staff, community members, booster organizations, opposing coaches, universities, and news media.

21. Attend administrative meetings with the principal, athletic director, assistant athletic director, and parents or guardians as appropriate.
22. Attend countywide pre-and postseason meetings conducted by the Coordinating Supervisor or Supervisor of athletics. Countywide coaches' meetings take precedence over practices and scrimmages.

23. Submit to the athletic director a budget request for replacement of supplies and/or equipment, maintenance of equipment, and facility repairs.

24. Show concern for the academic success of athletes. This includes monitoring the academic records and progress of team members, and verifying that each athlete meets the academic eligibility requirements throughout the season. Coaches are expected to check that incomplete grades are made up within a 10-day period. Coaches must verify eligibility by looking at the grades on the report card. Coaches should not rely on the eligibility statement on the report card, nor on "eligibility lists."

25. Assist interested athletes in furthering their educational opportunities.

26. Assume responsibility for monitoring class attendance of team members and for following regulations regarding the required daily attendance of players.

27. Direct captains and other team members not to organize “informal” practices at any time, including religious holidays, school cancellations, or other designated non-practice days.

28. Review carefully the PGCPS policy on Child Abuse and Neglect.

29. Establish and distribute to participants and to the athletic director prior to the season the written team standards, which include:

   A. Criteria for team selection. Participation in summer, evening, or weekend programs or outside teams may not be used as criteria for team selection or determining a player's status on a team.

   B. Criteria for earning an athletic letter and other awards.

   C. Rules concerning the prohibition of the use of tobacco, alcohol, or illegal drugs during the season and the penalties for infractions as established by that school.

   D. Other expectations of the coach, which should be communicated to athletes and parents prior to the start of the season.

30. Maintain current certification in CPR including the use of automated external defibrillators (AEDs).

31. Provide a list of summer activities and schedules to the Athletic Director.

32. Review information on concussion awareness and sudden cardiac arrest to student athletes and parents. This shall include the return to play protocol. (MPSSAA/CDC/NFHS handout).
33. Review information on heat acclimatization to student athletes and parents (MPSSAA/CDC handout/NFHS).

These coaching responsibilities are not all-inclusive. Refer to the PGCPS Contract for Athletics Assignment, Code of Ethics for Coaches and Fundraising Guidelines.
MEMORANDUM

September 28, 2016

TO: High School Athletic Directors
    High School Coaches
    Middle School Athletic Directors
    Middle School Coaches

FROM: Earl Hawkins, Coordinating Supervisor of Athletics

RE: Education Based Athletics – Coaches are Role Models

The use of profanity and the demeaning and intimidation of student athletes have no place in education based athletics or athletics period. These tactics in coaching are outdated and do not achieve the ultimate objectives for our student athletes, which is to provide an enjoyable athletic experience that infuses life-long values and builds character.

Education based athletics is a critical part of the educational process in the Prince George’s County Public School System. As a firm believer in Education Based Athletic Programs, it is important for all to understand that winning is important, but it is not the most important task of a coach. Being a positive role model, building character, fostering high self-esteem and self-worth, and teaching respect, sportsmanship, discipline, work ethic and numerous other values are by far the most important tasks of a coach.

You as coaches are critical to the success of our most valuable resources, our students. Study after study has shown that student athletes revere their coach and in many cases, the coach has greater impact on an athlete’s life than anyone. Therefore, your conduct and behavior must be exemplary.

Your role is extremely important to the school(s) where you coach and to the Prince George’s County Public School System. Coaches have a tremendous impact on the student athletes they coach and sometimes on the school population in its entirety. We want the athletic experience to be both positive and rewarding for all student athletes. You must remember, national statistics show that over ninety percent of high school athletes will never participate at the collegiate level. Let’s make their high school athletic memories positive and rewarding.

Code of Ethics

This Code of Ethics for coaches has been endorsed by the members of the High School Athletic Association.

As an athletic coach in Prince George’s County, I shall do the following:

- Strive to develop in each athlete qualities of leadership, initiative, and good judgment
- Respect the integrity and personality of the individual athlete in the selection of the team as well as in the playing of the game
- Demonstrate positive human relations skills
- Encourage the highest standards of conduct and scholastic achievement among all athletes
- Seek to inculcate good health habits including the establishment of sound training rules
- Fulfill responsibilities to provide health services and an environment free of safety hazards
- Exemplify the highest moral character, behavior, and leadership (i.e., refrain from the use of abusive language)
- Promote ethical relationships among coaches
- Encourage respect for the value of all athletics
- Abide by the rules of the game in letter and spirit relative to your sport (developed by coaches of each sport)
- Respect the integrity and judgment of sports officials by refraining from any public confrontation and by instructing my players to do the same
- Display modesty in victory and graciousness in defeat
- Demonstrate a mastery of and continuing interest in coaching principles and techniques through professional improvement
- Have knowledge of the rules governing athletics in the State of Maryland and Prince George’s County.

Coach - Athlete Communication

We ask that coaches provide their coaching style and methodology to the players at the beginning of the sports season. Coaches’ styles will vary with the individual coach. However, we stress that all coaches have an “open line” of communication with their players. Coaches should
never use profanity in practice and/or games to address their players, assistants and officials. They should use positive reinforcement whenever possible to achieve the outcomes they desire.

Coach – Parent/Guardian Communication

Both parenting and coaching are extremely difficult vocations. By establishing an understanding of each position, we are better able to accept the actions of the other and provide greater benefit to children. Coaches, parents and guardians, of children involved in your program, have a right to understand what expectations are placed on their children. This begins with clear communications from you.

Communication you should expect from your child’s coach:

1. Philosophy of the coach
2. Expectations the coach has for your child as well as all the players on the squad
3. Expectations of the parents (How You Can Help Make Your Child’s Athletic Career a Positive and Rewarding Experience)
   - Allow your child to perform and progress at a level consistent with their ability. Athletes mature at different ages and some are more gifted than others.
   - Teach your child to enjoy the thrill of competition and that improving skills and attitude are important.
   - Don’t relive your athletic life through your child! This creates added pressure that your child does not need; let them enjoy their experience with athletics.
   - Don’t compete with the coach. Keep in mind that they are balancing the development of your child with the growth and progress of an entire athletic team. Often coaches have many considerations that are not obvious to parents.
   - Remember, young athletes tend to exaggerate when being praised and/or criticized. Temper your reaction until you investigate.
   - An athlete's self-confidence and self-image will be improved by support at home. Comparison to others is discouraged. Encourage the athlete to do their best regardless of family or friends who may have been outstanding players.
   - Insist on positive behavior in school and a high level of performance in the classroom. Numerous studies indicate extracurricular involvement helps enhance academic performance.

*Being the parent of an athlete is tough and takes a lot of effort to do it well. However, it is worth the effort when you hear your child say, “My parents really helped. I am lucky in this respect.”

4. Locations and times of all practices and contests (once tryouts have been completed)
5. Team requirements, (i.e. fees, special equipment, off-season conditioning)
6. Procedure should your child be injured during participation
7. Discipline that results in the denial of your child’s participation

**Communication coaches expect from parents**
1. Concerns expressed directly to the coach
2. Notification of any schedule conflicts well in advance
3. Specific concern in regard to a coach’s philosophy and/or expectations

As your children become involved in the program in the Prince George’s County Public Schools, they will experience some of the most rewarding moments of their lives. It is important to understand that there also may be times when things do not go the way you or your child wishes. At these times discussion with the coach is encouraged.

**Appropriate concerns to discuss with coaches**
1. The treatment of your child, mentally and physically
2. Ways to help your child improve
3. Concerns about your child’s behavior

Coaches make decisions based what they believe to be best for all of the students involved. As you can determine from the lists above, certain things can and should be discussed with your child’s coach. Other things, such as those that follow, must be left to the discretion of the coach. There are situations that may require a conference between the coach and the parent. These are to be encouraged. It is important that both parties involved have a clear understanding of the other’s position. When these conferences are necessary, the following procedures should be followed to help promote a positive resolution of the issue of concern.

**Issues that are not appropriate to discuss with coaches**
1. Playing Time
2. Team Strategy
3. Play Calling
4. Other students-athletes

These are situations that may require a conference between the coach, athlete, and parent/guardian. These are to be encouraged. It is important that both parties involved have a clear understanding of the other’s position. When these conferences are necessary, the following procedures shall be followed to help promote a resolution to the issue of concern.

**Chain of Command for Addressing Concerns: The following procedures shall be used if there is a concern (this is really important for parents to understand)**
1. Student athlete should first discuss concerns directly with the coach
2. If parents/guardians still have concerns, they should contact the coach to make an appointment
3. If the discussion during the conference does not provide a satisfactory resolution, call and set up an appointment with the school’s athletic director to discuss the situation with the coach. Additional steps are to be discussed during this conference.

We ask that parents do not approach coaches after practice or a game. Parents should make an appointment to speak with the varsity head coach or one of his/her assistants. Appointments shall be made by calling or emailing the varsity head coach and copying the athletic director. If there is an incident/critical concern that cannot wait, please report it to the athletic director and/or an administrator.
Fourteen Legal Duties of a Coach

Several obligations or duties have been identified as absolute requirements for coaches and athletic administrators. These standards have evolved as a result of various case law proceedings and legal judgments against individuals and school districts. It is important that all coaches, including assistants and volunteers, know and understand the following duties. This summary is not all-inclusive but is generally accepted as the “Legal Duties of Coaches” by the NFHS (National Federation of High Schools) and NIAAA (National Athletic Administrator Association).

1. **Duty to Plan** – A coach must demonstrate awareness of the maturity, physical development and readiness of athletes with appropriate plans for instruction, conditioning and supervision.

2. **Duty to Supervise** – A coach must be physically present, provide competent instruction, structure practices that are appropriate for the age and maturity of players, prevent foreseeable injuries and respond to injury or trauma in an approved manner. This duty requires supervisors to make sure facilities are locked and that students are denied access when a competent staff member cannot be physically present to supervise. This duty may also require coaches to control reckless player behaviors. Supervision responsibility also pertains to athletic administrators who are expected to be able to supervise coaches competently.

3. **Duty to Assess Athletes Readiness for Practice and Competition** – Athletics administrators and coaches are required to assess the health and physical or maturational readiness skills and physical condition of athletes. A progression of skill development and conditioning improvement should be apparent from practice plans. Athletes must also be medically screened in accordance with state association regulations before participating in practice or competition.

4. **Duty to Maintain Safe Playing Conditions** – Coaches are considered trained professionals who possess a higher level of knowledge and skill that permits them to identify foreseeable causes of injury inherent in defective indoor and outdoor facilities or hazardous environments.

5. **Duty to Provide Safe Equipment** – Courts have held athletic supervisors responsible to improve unsafe environments repair or remove defective equipment or disallow athlete access.

6. **Duty to Instruct Properly** – Athletic practices must be characterized by instruction that accounts for a logical sequence of fundamentals that lead to an enhanced progression of player knowledge, skill, and capability.

7. **Duty to Match Athletes** – Athletes should be matched with consideration for maturity skill, age, size and speed. To the degree possible, mismatches should be avoided in all categories.

8. **Duty to Condition Properly** – Practices must account for a progression of cardiovascular and musculoskeletal conditioning regimens that prepare athletes sequentially for more challenging practices and competitive activities.

9. **Duty to Warn** – Coaches are required to warn parents and athletes of unsafe practices specific
to a sport and the potential for injury or death. This warning should be issued in writing and both athletes and parents should be required to provide written certification of their comprehension.

10. **Duty to Ensure Athletes are Covered by Injury Insurance** – Athletics administrators and coaches must screen athletes to ensure that family and/or school insurance provides basic level of medical coverage. Athletes should not be allowed to participate without injury insurance.

11. **Duty to Provide Emergency Care** – Coaches are expected to be able to administer standard emergency care (first aid, CPR) in response to a range of traumatic injuries.

12. **Duty to Design a Proper Emergency Response Plan** – Coaches must design plans to ensure an expedited response by EMS and an effective transition to the care and supervision of emergency medical personnel.

13. **Duty to Provide Proper Transportation** – In general, bonded, commercial carriers should be used for out of town transportation. Self or family transportation for local competition may be allowed if parents have adequate insurance coverage for team members other than their family members. (*Follow School District guidelines – PGCPS provides transportation*)

14. **Duty to Select, Train, and Supervise Coaches** – Administrators have responsibility to ensure that appropriate skill and knowledge levels exist among members of the coaching staff to ensure appropriate levels of safety and wellbeing among athletes.

Rules and Restrictions

Supervision of Players

The coach or athletic director responsible for the conduct of the team must accompany teams/squads to all contests and must remain until the event is over and all team members have left school property. If the team is returning to their home school, the coach must not leave any student unsupervised at the home site. A visiting team shall not be allowed into a locker room or allowed to begin to warm-up unless accompanied by a coach or appropriate school representative.

Transportation

All teams must travel in county approved buses to and from all athletic events. All team members must travel as a group to and from all athletic contests. If approved by the local school principal or principal’s designee in advance, a team member may be released to the custody of a parent or legal guardian at the conclusion of an away contest. Approval must be requested in written form prior to the specified event and signed by the student-athletes parent or legal guardians. The principal or principal’s designee shall sign all authorized requests. The local school principal or principal’s designee must approve any other exceptions to this mode of travel in advance. (See attached form)

Coaches will not provide transportation of any kind to and/or from practices or athletic events.

Vans of any kind are prohibited.

When a student(s) uses public transportation to travel home after games and/or practice, coaches shall require parents to provide written permission to do so. A signed transportation document(s) must be kept on file with the coach and a duplicate with the athletic director. (See attached form.) Coaches may not release student athletes to Uber or Lyft drivers.

Attendance Policy

a. A student must maintain high standards of citizenship. A student suspended from school is ineligible to participate in athletics for the duration of the suspension.

b. Students must be in school to practice or participate in any sport contest that particular day (except with legal excuses as defined by the Board of Education policy).

Awards

In order to qualify for postseason awards, the student-athlete must complete the season in good standing and fulfill all team-related obligations. Each school is responsible for developing its own policy for achievement and distribution of athletic awards.
**All Star Games**

All-star games are not organized or administered by PGCPS. Only seniors may participate, and only after the end of the season. The *MPSSAA Handbook* states:

.04, D., (5)  “Individual students may participate in two all-star games per sport, upon the completion of their eligibility in the sport in which this participation occurs.”

**Celebratory Activities**

Athletic director and principal must approve all celebrations involving players, coaches, and students associated with teams. This would include, but not be limited to parties, cookouts, etc.

**Study Hall**

Each School is responsible for developing its own policy for study hall attendance.

**Food/Snacks**

The bringing of food/snacks for athletes should be limited to store bought items packaged in its original packaging. Coaches will not be reimbursed for these items.

**Eligibility to Participate**

Administrative Policy 5122 (See AP handbook)

Students must achieve a 2.0 GPA to participation in athletics and extracurricular activities.

**Scrimmages**

The number of scrimmages is limited to four scrimmages for all athletic teams during the preseason and regular season; two (2) home and two (2) away is suggested. *Scrimmages may not be conducted prior to day 6 for fall sports.* Athletic teams will be allowed 1 postseason scrimmage. All scrimmages must be within the fifty (50) mile radius that is allowed by the Prince George’s County Public School Transportation Department. However, a school may have the option or flexibility of having more home than away scrimmages (ex. 3 home, 1 away). – see MPSSAA Handbook for definition of a scrimmage.

**Bench Personnel**

Persons permitted on the players’ bench shall be limited to eligible players in uniform, student managers, coaches of the team, and medical personnel. The head coach shall be responsible for maintaining orderly conduct on and in the vicinity of the team bench.

**Ejection of Coaches**

If a coach is ejected from a contest, he/she must leave the area of the contest and shall not be visible to or have communication or visible contact with players, officials, spectators, or school personnel until the contest is completed. If there is no member of the coaching staff from the school or another PGCPS certified coach present to assume responsibility the contest will be forfeited.
If a coach is ejected from a contest he/she must notify the athletic director in writing within 24 hours. The athletic director should notify the Coordinating Supervisor of Athletics or Supervisor of Athletics of any ejections. A coach who is ejected from a contest is suspended from participation in the next contest. **If a second ejection occurs, the coach is suspended from all coaching duties for the rest of the season.** (Review AP 0414) The suspended coach may not be on the premises of the contest, including bleachers or adjacent areas.

**Hazing**

Hazing of any nature is prohibited. Players shall not be subjected to any “initiation rites” whatsoever (i.e. freshman caring the bags for upper classmen). Hazing is degrading to the individual and is counter-productive to the goals of the school system and to the dignity and rights of the individual. Coaches must counsel team members and ensure that "initiation" or "hazing" incidents do not occur.

**Influence on Athletes to Play One Sport**

Coaches shall not advise or exert any pressure on students or parents not to participate in a particular sport in order to “train” for another sport.

**Medications/Supplements**

Coaches may not recommend, make available, or administer dietary supplements, pain relievers, medications, or substances that purport to enhance growth, strength, stamina, or athletic performance. This restriction does not include water or sports drinks that are used primarily for fluid replacement (for example Gatorade, PowerAde). Coaches with concerns about a student’s diet or physical comfort may advise parents to consult their child’s physician. (See AP 5160 and AP 5163.)

**Clinics**

The regulations below are in addition to regulations contained in the MPSSAA Handbook. The regulations pertain to out-of-season and in-season coaching of PGCPS athletes including, but not limited to, summer leagues, recreational teams, camps, clinics, and other instruction of team members.

a. PGCPS coaches may not be involved with the collection of monies for any non-PGCPS athletic related activity. School funds may not be used for team registration fees, league fees, uniforms, or equipment. School funds may not be used for purposes beyond the defined school athletic program.

b. PGCPS coaches may not apply for a facility for team practices, open gyms, leagues, camps, or clinics in which students who are returning players and the coaches are employed are involved. Approval for the use of facilities by outside groups must be obtained through the Facility Use Applications and Permits office.

c. PGCPS coaches may not open a gymnasium or any facility for a non-PGCPS activity.
d. PGCPS regular season coaches may not participate in out-of-season practices or competitions, except as provided by MPSSAA regulations. (This includes verbal and non-verbal communication.)

e. PGCPS regular season coaches may not travel with or organize transportation for students to attend out-of-season camps and/or clinics.

**Loss of Instructional Time** – Sports teams may not travel to events that require a significant loss of instructional time unless approved through the submission of a field trip packet for overnight trips.

Interpretation: Participation in an event must be within the USA, does not involve loss of instructional time, and complies with the local school system policies and procedures for school travel.

**Ejections**

An athlete or athletes, who are ejected from contests for unacceptable behavior before, during, or after a contest, are suspended from participation in the next contest. Ejected/disqualified players (for unsportsmanlike behavior) player(s) must remain on the sideline for the duration of that contest or be sent to a secure and safe area under the supervision of a coach or staff member. Suspended players may remain on the sidelines with his/her team while serving their suspension. Coaches will notify the athletic director in writing of the suspension and date(s) of exclusion within 24 hours. (See AP 0410)

**Prayers**

Individuals or groups of students may, if they choose, voluntarily observe a silent moment for reflection, prayer, meditation, or other silent activity which does not interfere with other students in the exercise of their choice. Coaches and other school staff may not by words or actions encourage, discourage, or participate in such activity with students.

**Recruitment of Athletes**

Each coach should encourage students from his/her school and feeder middle schools to participate in the athletic program. Coaches, booster club members, or other school-affiliated parties are not permitted to contact or recruit students who do not reside in the school attendance area or to encourage them to attend another school. When a student or parent who does not reside in the school attendance area contacts a coach, a booster club member, or school affiliated party they must inform that person of the rules and shall not encourage him or her to seek a transfer. The principal and athletic director must be notified as well. Violation of this rule will result in appropriate personnel action.

Coaches are prohibited from recruiting or instigating recruitment of students for the purpose of athletic participation. Recruiting shall be defined so as to include contacts between coaches, students, parents/guardians or all agents representing the family residing outside their fixed attendance area unless that student is already enrolled in that school’s program.
Scouting

Schools are permitted to scout upcoming opponents. Scouting may take place only from established spectator areas and is prohibited from football end zones, including the imaginary extension of the end zone to infinity. Opponents' contests may be videotaped, provided the videotaping in no way interferes with the playing or administration of the contest.

Social Media

Coaches must exercise the utmost discretion when using social media outlets (Twitter, Instagram, Facebook, etc.) and personal communication devices (texts) with players and our school community. Communication with players must be related to your duties as a coach.

A coach shall not communicate with an individual student, but should send a group message that includes another coach (es), a parent/guardian and/or other team members.

It is the coach’s responsibility to call for air quality color codes and respond appropriately. The forecast and color code can be obtained by calling 202-962-3299 and/or visit their website at http://www.mwcog.org/environment/air/data.

Air quality (ground level ozone or smog) deteriorates when temperatures are in excess of 90°, with low or no winds and clear skies. When such conditions are anticipated, a Code
Orange, Red or Purple forecast is issued. Under such conditions at-risk individuals, who are heavily exercising, should be closely watched and if experiencing any breathing difficulties, immediately required to cease exercising and move indoors. At-risk individuals include those who responded “yes” on the Medical Evaluation Form to being asthmatic or having heart and lung function problems (Part I), and individuals who responded “yes” to having experienced chest pains, shortness of breath, weakness when exposed to high temperatures, or impaired lung function (Part 3).

In hot, humid weather, coaches are expected to use good judgment in determining the length and type of outdoor practice. Frequent practice breaks and drinking water must be provided. Coaches must be aware of signs of heat exhaustion. Players who exhibit these signs are to cease practicing. Salt tablets are not to be issued.

When schools are dismissed early because of heat, no practices, meetings, or contests are allowed.

In extremely cold weather coaches are expected to use good judgment in determining the length and type of practice. Athletic events may be rescheduled by mutual agreement of the athletic directors of the opposing schools if the wind-chill factor could be detrimental to the health and safety of the athletes.

**Thunder and Lightning**

Procedures for suspending outdoor athletic events because of lightning/thunder:

a. If thunder and/or lightning can be heard or seen, stop the activity and have players and spectators seek protective shelter immediately.

b. Inform players that in situations where thunder and/or lightning may or may not be present, if they feel their hair stand on end and skin tingle, immediately assume the following crouched position: drop to their knees, place their hands/arms on their legs, and lower their head. They should not lie flat.

c. In the event that either thunder or lightning should occur, allow 30 minutes to pass after the last occurrence of thunder and/or lightning before resuming play.

(1) In case of lightning and/or thunder during an athletic practice, scrimmage, or contest, the activity will be suspended immediately. Players and officials should seek shelter. Spectators will be directed to leave. All coaches are expected to have an alternate plan for seeking shelter and/or expedient departure in case of lightning/thunder or other severe inclement weather.

(2) The principal has the final authority to delay or postpone events because of lightning and/or thunder. If the principal is not present, the host athletic director has the responsibility; if the athletic director or designee is not present, coaches have the responsibility.
(3) If a game is suspended because of lightning and/or thunder, it shall be resumed the same day, if possible, at the discretion of the officials and host athletic director.

(4) When a contest has been suspended for more than 1 1/2 hours (cumulative time) due to inclement weather, the contest shall be ended. The game will be rescheduled at a later date or continued from the point of suspension, in accordance with the rules governing that sport.

Unless a countywide decision is announced, the decision to postpone outdoor athletic events because of adverse field conditions or inclement weather is the responsibility of the host athletic director or designee.

       Instructional Directors
       Area Associate Superintendents
       Office of Athletics
Open Gym/fields and Conditioning (Revised 2012)

PRINCE GEORGE’S COUNTY PUBLIC SCHOOLS INTERPRETATION OF “OPEN GYM” POLICY

In order to conform to the letter and spirit of state and county rules governing out of season practice restrictions:

Any after-school athletic activity (such as weight-lifting, open gym/field for any sport, conditioning programs, etc.) **conducted and supervised by coaches or school staff** should meet all of the following criteria:

- Open to the student body as whole, not just athletes.
- Not open to the general public or students from other schools.
- Dates and times announced and publicized to the student body as a whole.
- Be conducted immediately before or after school when possible.
- Coaching or instruction may not take place! **Instruction may occur during weight training to ensure proper lifting techniques.** Coaches may be present for supervision and liability purposes only.
- Subject to approval by principal
- Recommended seasonal
- Must not interfere with in-season team practices or games. In-season teams will have first priority of facility use, followed by any out of season teams or conditioning programs as coordinated and approved by the athletic director.
- Open gym/fields and conditioning cannot be held on days when schools are closed for students.
- All participants in these activities must have a current physical and permission slip.
Procedure for the Removal/Dismissal of a Student-Athlete from Any Athletic Team by a Coach

1. A copy of all rules and consequences established by the coach must be provided to the student-athlete and their parent(s)/guardian(s) prior to the start of the season. It is also recommended that parents sign and return a copy of those rules to the coach for record keeping purposes. It is highly recommended that any changes to these rules made during the season by the coach be put in writing and re-issued to the student-athlete and parent/guardian.

2. Prior to the removal, the coach is to notify the Athletic Director and the Principal of any player being removed from the team for rule(s) violation or any other reason. In addition, it is the responsibility of the coach to notify the parent(s)/guardian(s) of the student-athlete of the dismissal within 24 hours by phone. Notification of parent/guardian should also be made in cases of the student-athlete quitting the team.

3. The coach must complete the Student-Athlete/Parent Notification Form and copy it to the Athletic Director. On this form, the coach will explain the series of events that lead to the decision and any issues that were raised during the conversation with the parents.

4. Upon receipt of the completed form, the Athletic Director shall:
   - review the completed form
   - forward a copy of it to the principal as means of notification
   - mail a copy to the parent(s)/guardian(s)

   The form should be mailed to the parents within 48 hours of the dismissal or student-athlete’s quitting the team.

5. Notification of the dismissal should be done by the head coach in the presence of an appropriate school staff member and in private whenever possible. It is recommended that another coach or Athletic Director be present for the dismissal notification with the student-athlete. Specific reasons should be presented to the student-athlete at that time.

6. A conference involving the parent(s), the student-athlete, the coach, and the athletic director should be scheduled at the earliest convenience, if requested by the parent(s).

7. If the parent(s) are not satisfied with the rationale for the dismissal after the conference, they may appeal to the principal. If not satisfied with the results of the meeting with the principal, they may appeal the action to the Coordinating Supervisor of Athletics for Prince George’s County Public Schools. A further appeal must be addressed to the Superintendent of Schools in the form of a letter. The letter must be addressed to the superintendent of schools in care of the Executive Director for the High School Consortium.

8. It is highly recommended that the entire procedure detailed in this procedure be implemented and completed as quickly as possible. Time from initial notification to the initial parent conference should not exceed 72 hours (3 days).

Hiring Procedures for Employing Coaches

Vacancy Announcement

- Identify and submit coaching vacancies to the Coordinating Supervisor and/or Supervisor of Athletics.

- The Coordinating Supervisor and/or Supervisor of Athletics submit to Human Resources Recruiting and Staffing Specialist a request to post coaching vacancies.

- After the posting closes, the Principal and Athletic Director will receive through iRecruitment a list of eligible candidates and resumes through Oracle Workflow – Production within 48 to 72 hours.

Interviews

- The Hiring Procedures for Employing Athletic Coaches will include the following forms that are to be used for the interview process: an applicant evaluation form, an approval sheet of recommended candidates, and coaches request form. The forms are available in each Athletic Director’s High School Management List in GoogleDocs.

- Interviews must be conducted by a panel to include the Principal or his/her designee, Athletic Director, and a school administrator at a minimum.

- Interviews are conducted using a uniformed interview process, as established in the procedures for the employment of athletic coaches, at the school building.

- All interview questions will be submitted with applicant packet to the Human Resources Recruiting and Staffing Specialist.

- Certificated candidates must be interviewed and considered first. A justification must be submitted to and approved by Human Resources whenever a certificated candidate is not recommended.

- Non-certified candidates may not be contacted or interviewed until the Coordinating Supervisor of Human Resources or his/her designee gives written approval to do so.

- At the conclusion of the interviews, the Athletic Director submits all required forms (applicant evaluation forms, approval sheet of recommended candidates or coaches request form, interview questions, list of candidates interviewed indicating date and time interviewed to the Recruiting and Staffing Specialist.

- The Recruiting and Staffing Specialist will contact the candidate and offer the coaching position.

- Principal, Athletic Director, Coordinating Supervisor of Athletics, and Supervisor of Athletics will be notified of candidate’s acceptance or non-acceptance by email.
Newly Hired Coaches

- Coaches selected for a coaching position must bring two forms of identification (Passport, Driver’s License, Birth Certificate, or Social Security Card) on appointment date.

- All newly hired coaches will complete and sign a “Code of Ethics and Fundraising Guidelines” form and an “Appointment and Authorization Form for Athletics and Intramurals,” which will be maintained by the Athletic Director at the school.

- All temporary/emergency coaches must be approved by the Associate Superintendent for High School Performance, Principal, Athletic Director, and Coordinating Supervisor of Athletics.

- All newly hired coaches (external applicants), including volunteers, will be contacted and scheduled for an appointment by the Recruiting and Staffing Specialist to complete a Temporary Employee Packet, be fingerprinted and set-up for Data Entry. No new coach shall start without being fingerprinted and processed through the Office of Administrative and Support Staffing.

Out-of-Season Teams Interpretation

At the April 25th MPSSAA Board of Control meeting, the Board voted 27 to 21 to further refine the definition of an out-of-season team in which members of the high school coaching staff may serve as coaches.

The enhanced interpretation applies only to outside school teams and becomes effective as of the last State Championship game this May. The action does not change any of the current regulations regarding the high school sport season, out-of-season practice, summer camps or any other regulation. It only defines the number of returning athletes that may be members of an outside team that is coached by a member of the school coaching staff.

The wording of the interpretation is as follows:

**OUT-OF-SEASON PRACTICE**

Member MPSSAA schools and coaches of member schools shall confine school practices to the seasonal limitations as defined in Regulation .03 of this chapter.

*Interpretation: Any school group or team gathering consisting of three or more players that has assembled for the purpose of drilling or instruction would constitute a violation. School coaching staffs may work with a maximum of two players per day.*

.04E(2) “A coach may not coach a team representing the coach’s school beyond the sports season as defined in Regulation .03 of this chapter.”
Interpretation: Any paid or volunteer coach at a member school may coach a non-school team provided the team has no direct affiliation with the school. When coaching non-school teams, including returning school players on non-school teams, the following criteria shall be observed:

a. The non-school team may not use a name directly connected with the school
b. The non-school team may not use school uniforms, equipment or funds;
c. The non-school team may not use school facilities except as allowed by local school system guidelines;
d. The non-school team must meet local school system standards of a non-school team; and
e. The number of returning school players on the non-school team is limited according to the following timeframe.

Timeframe

1. From the start of the fall sports season as defined in Regulation .03, to the last state championship game of the spring season, the outside teams roster does not exceed 80% of the returning players of what would constitute a starting lineup in that sport OR a modified version thereof. i.e., 7-on-7 football, 3-on-3 basketball, indoor soccer, indoor lacrosse, etc.

2. From the last state championship game of the spring season to the first day of fall practice, the outside team roster is unrestricted on the number of returning players.

To avoid any confusion, misapplications, or violations of State Board of Education Regulations, coaches, athletic directors, and principals are strongly urged to check with Local Supervisors with any questions, doubts or confusion about this revised policy.

In addition the MPSSAA has supplied some answers to some frequently asked questions.

**Frequently Asked Questions**

In response to questions concerning the revised interpretation regarding what constitutes an out-of-school team the following points of emphasis are offered:

- This more inclusive interpretation of the rule only applies to outside teams that are competing in a bona fide league that is organized by a recognized not for profit organization.

- Teams are non-school in nature and by interpretation. Thus, use of school name, uniforms, equipment and finances are prohibited.

- Current regulations regarding summer camps and team camps are unaffected by this action and remain in force. If it looks like a camp, sounds like a camp, structured like a camp and conducted like a camp……It’s a Camp.

- Practice for non-school teams coached by members of a school coaching staff:
  - may not begin until after the last championship contest of the school year
  - must end at the conclusion of that team’s summer league schedule
  - may number no more than the number of contests scheduled for the summer league team

- Participation on an out of school team may not be a prerequisite either direct or implied for inclusion on the school team.

*School funds may not be used for non-school teams (summer teams, camps, clinics, etc.). All funds placed in school accounts are subject to the aforementioned statement.*

*For full interpretation, see addendum, “Out-of-Season Participation”.*
Monetary Procedures for Athletics

The purpose of this policy is to make all staff members aware of guidelines that must be followed when handling money in the name of the school. **No organization using the school name or associated with the school may have an outside account.** All financial forms are available from the Accounting Secretary. Monetary Transmittal Forms (MTF) are available from the Principal’s Secretary. Any questions regarding financial procedures may be directed to the principal’s secretary.

1. The Principal gives approval of any financial obligations incurred on behalf of the school and **only the principal has the authority to sign contracts.**

2. At the beginning of each season, all coaches will be issued a receipt book. This book will be returned to the Athletic Administration for review at the end of each season. No student should be responsible for the collection of money. That responsibility belongs to the teacher, coach, or sponsor of the group, class, or organization. No money is to be accepted for any reason without giving a **receipt** and without the sponsor keeping a copy.

3. All money turned into the Accounting Secretary must be accompanied by a **Monetary Transmittal Form (MTF)** (available from the Accounting Secretary) signed by the teacher/sponsor. All money must be counted accurately with all coins wrapped (coin wrappers are available from the Accounting Secretary). **All deposits are to be turned into the Accounting Secretary by 12:00 noon to be included in that day’s deposit.** No checks dated more than ten (10) days previous to the date of deposit will be accepted. Each check should have noted on it the telephone number of the signer and the **name of the student** for whom it is being paid, as well as the name of the group making the deposit. **All checks are to be made payable to your high school.**

4. Disbursements will be made by check only. Requests for payment must be submitted to the Principal’s Secretary in duplicate on a **School Funds Check Request/Expenditure Form (SFEF)** by Friday of each week. Only the principal can approve all SFEF’s before checks can be written. Checks will not be available until the following Wednesday. A receipt of invoice must accompany each check request or the check will not be written. The money must also be available in that particular account before the check is written.

5. Fundraisers: The sponsor of any group who wishes to conduct a fundraiser must first obtain the following forms from the Accounting Secretary: (1) Calendar Request, (2) fundraiser Request and Authorization, (3) fundraiser Completion Report, and (4) student Remittance Report. The Calendar Request should be submitted to your Administration for approval. The Fundraiser Request and Authorization Forms should be turned into the Accounting Secretary. Two weeks after the Fundraiser is completed the Fundraiser Completion Report should be submitted to the Accounting Secretary. Monies collected should be turned into the Accounting Secretary before 12:00 noon daily. Financial debts owed by student(s) should be submitted on a “Report Card Withhold Form” and submitted to the Accounting Secretary. Also remember that there is a 5% sales tax which must be paid on any items sold. No new fundraisers can be
approved for a particular group unless all forms from the previous fundraiser are complete.

**Student Activity Funds Procedures**

The primary areas of concern for the staff related to the student activity funds are as follows:

1. **Collections**
2. **Disbursements**
3. **Sponsoring a club or a Special Activity (Restricted Funds)**

**Collections:**

a. Staff must obtain a pre-numbered Monetary Transmittal Form (MTF) from the office; staff member is responsible for that form and must return either the form with the money or if the form has to be voided, return it to the secretary and sign for a replacement.

b. Provide a receipt, if requested by the student or parent;

c. Submit all money to the office on the day collected; do not store money in your room, do not take money home overnight, do not withhold any money collected (do not pay expenses from the cash collected).

d. Submit the money in the same denomination in which it was collected.

e. Complete the MTF-all sections; be mindful of accuracy and completeness; indicate the account to be credited; remember to indicate sales tax, if applicable; sign and date; attach detail to support collections (ex: student remittance report, class list).

f. **MTF distribution:**

1. Pink copy-you keep in your ‘MTF’ envelope;

2. Original and yellow copies-to the drop safe with the money; after secretary verifies the accuracy of the money and the completeness of the form, the form will be signed and dated.

3. Yellow copy-returned to you for attachment with the pink copy in your MTF envelope.
4. Both the pink and yellow are retained by you until year-end check out; prior to check out, you should make sure all your pink and yellow copies are in the envelope, seal the envelope and initial across the sealed area; turn in the envelope to the designated administrator.

**Disbursements**

a. **Pre-approval** by the Principal is required before spending money or obligating the school.

b. Complete the top portion of the School Funds Expenditure Form and submit to the Principal for pre-approval; Athletics must be submitted to the Athletic Director who will authorize and submit to the Principal; Principal may elect to require the subject department chair to review and approve all expenditure requests for instructional materials prior to submittal to the Principal.

c. After approval, obtain the Maryland sales tax exemption Certificate from the secretary.

d. Make the purchase (Spend your own money? Place a phone Order? Regardless of the method of purchase, Principal Pre-approval is required.)

e. Original, itemized receipt or an invoice is required.

f. Complete middle action of the School funds Expenditure Form, attach original receipt or invoice and submit to the Principal.

g. If you spent your own money, a check reimbursing you will be prepared.

h. If you placed a phone order, the school will be invoiced. (Be mindful, that all invoices received by the Principal must have been pre-approved.)

i. Do not pay for expenses with cash that has been collected; all money received must be deposited in the school’s bank account and all expenses must be paid with a school check.

**Sponsoring a Club or a Special Activity (Restricted Funds)**

There are financial responsibilities associated with extra-curricular activities.

**Do not spend money you do not have;**

**Do not make commitments to spend money you do not have.**

**Restricted funds must be spent for only the identified purpose;**

**Submit all contracts to the Principal for approval and signing.**
a. Maintain a separate file of all financial transactions pertaining to the restricted funds account.

b. When recording receipts on an MTF, be very specific about which restricted account is affected, especially if you collect money for more than one purpose.

c. Senior Class has sub-accounts: fundraisers, graduation expenses (cap & gown, announcements); prom expenses; yearbook orders; late fees; Referencing “Senior Dues” is not adequate. An itemization per sub-account is required.

d. Items sold by the school or a club (i.e. agenda books, gym uniforms, swim suits, staff shirts, fundraiser products, etc.) are subject to Maryland’s 6% sales tax. (See Administrative Procedure 5137, sales Tax.) The account sponsor must calculate the tax amount and indicate it on the MTF when money is submitted to the office.

e. Fundraiser activities are subject to Administrative Procedure 5135.1. Principal may designate a staff member to conduct a preliminary review of all FR requests.

   1. Request and Authorization Form must be submitted in advance and approved by Principal (or designee).

   2. All contracts must be signed by the Principal;

   3. A master calendar of scheduled fundraisers should be maintained by the Principal’s designee.

   4. Upon completion of the fundraiser, the sponsor must submit the Fundraiser Completion Report.

   5. If a sponsor fails to follow the procedures or if a fundraiser Project loses money, subsequent fundraiser requests may be denied.

f. Every month, the sponsor for restricted accounts should receive a detailed financial report reflecting all transactions for the year; the sponsor must review the report for accuracy and completeness, sign, date, and return to the Principal; discrepancies should be documented and discussed with the Principal; resolution to any differences should be reflected on the next monthly report; monthly review and verification is vital to maintaining an accurate accounting of the restricted funds.
Title IX Information

What Is It?

Title IX is the portion of the Education Amendments of 1972 that prohibits sex discrimination in educational institutions that receive any federal funds. In brief,

Title IX states:

No person in the United States shall, on the basis of sex, be excluded from participation in, be denied the benefits of, or be subjected to discrimination under any educational program or activity receiving Federal financial assistance.1

Title IX applies to any educational program at an institution that receives any federal funds — the majority of schools in this country, from elementary schools through colleges. Almost all private colleges, for example, are covered because they receive federal funding through financial aid programs such as Pell grants.

Athletic associations may also be covered under Title IX if they receive federal funds.2

If educational institutions are found to violate Title IX, their federal funding can be withdrawn. In all cases to date, however, institutions found to violate Title IX have agreed to specific plans to comply with the law rather than lose funding. An institution’s agreement to specific plans does not ensure that it will fulfill them.

Therefore, after such agreements are made, citizens must continue to monitor Title IX compliance.

Title IX is not just a “sports” law. It also covers sexual harassment, academic discrimination and workplace discrimination against students, employees and faculty at educational institutions.3 Title IX prohibits unequal educational opportunities throughout the entire educational environment.

Playing Fair: A Women’s Sports Foundation Guide to Title IX
BASIC COMMITMENTS

Title IX

Title IX of the Educational Amendments of 1972 is the landmark legislation that prohibits sex discrimination in schools, whether in academics or athletics.

Title IX requires educational institutions to maintain policies, practices, and programs that do not discriminate against anyone based on sex. Under this law, males and females are expected to receive fair and equal treatment in all arenas of public schooling: recruitment, admissions, educational programs and activities, course offerings and access, counseling, financial aid, employment assistance, facilities and housing, health and insurance benefits, marital and parental status, scholarships, sexual harassment, and athletics.

The Board of Education directs the Chief Executive Officer to take immediate action to correct any violation of Title IX in the operation of the school system’s programs.

The Board of Education directs the CEO to designate a Title IX Coordinator to oversee implementation and compliance with the September 2006 Agreement with the National Women’s Law Center and compliance with the regulations of the Title IX Educational Amendments of 1972.

Game Management and Admission Policy

Duties of Game Manager

1. Hire and supervise game workers.
   a. Official timekeepers must be capable individuals.
   b. Coordinate, with security officer, police personnel on duty to ensure safety and adequate coverage.
   c. Send the ticket report to the athletic director after each home game.
      (varsity football only)
   d. Ensure that game workers sign-in

2. Greet the visiting team and spirit groups and show them to their locker room or warm-up areas.

3. Provide private, clean, secure dressing facilities for officials.

4. Ensure that fields and gymnasium are ready for play.

5. Obtain sideline crew in football.

6. Provide each school with designated seating areas for its students, if necessary.

7. Must report to game site as follows:
   a. Football – 90 minutes prior to starting time
   b. Basketball – 90 minutes prior to starting time.

Pep Bands

Home pep bands are permitted at basketball games with the approval of the principal or his/her designee. Band members (musicians and dancers) must display good sportsmanship at all times. The band must be seated on the side of the gym opposite its team and may only play when an “official time out” is called. Organized programs will be permitted during intermission. Any band or other half-time presentation should be planned carefully, approved in advance by the host school, and should not interfere with the beginning of the second half of the contest.
The visiting school’s pep band or marching band may attend outdoor athletic events with prior approval from the principal of the host school and the Coordinating Supervisor of Athletics. Only pep bands (30 members only per MPSSAA rules), with the aforementioned prior approvals may attend indoor athletic events.

Band directors shall meet 30 minutes prior to the game to coordinate when each band will play. Bands shall not play at the same time.

**Cheerleading Squads**

Cheerleader coaches shall set an example by being cooperative and positive to each other. Cheers should be positive and **non-antagonistic**. Control the crowd by performing positive cheers when the mood of the crowd is down or negative. Applaud when and injured player leaves the playing area.

See Cheerleading Handbook for other corresponding guidelines.

**Unsportsmanlike Behavior of Spectators**

a. School officials have the authority to remove a spectator(s) from a contest for unruly to improper conduct. The individual(s) may be removed for the duration of a particular contest or for any extended period of time depending on the severity or frequency of the improper conduct.

b. In severe instance, upon approval of the Coordinating Supervisor of athletics, spectators may be excluded from multiple contests, for the duration of a season, or longer.

**Seating Arrangement/Team departure at events**

a. Seating areas for home and away spectators should be clearly marked or stated over the PA at the beginning of the contest.

b. In a stadium with bleachers on opposite sides, the home team shall be in front of the home team bleachers; the visiting team shall be in front of the visiting team bleachers.

c. In a stadium with bleachers on one side only, the visiting teams should be opposite with the home team in front of the home crowd. If there is ample space separating the teams, teams may be on the same sideline. This should be avoided in football.

d. In gymnasiums, home team spectators should sit behind the home team and in the bleachers directly opposite; visiting team spectators should sit behind the visiting team and directly opposite. Cheerleaders should be assigned area in front of their respective crowd if possible, directly opposite their team.

e. At the conclusion of an athletic event, the visiting team should depart in a timely fashion and post-game talks should be limited to ten (10) minutes or less. If this does
not occur, please notify the Coordinating Supervisor of Athletics via email within 24 hours.

**Signs and Noise Makers**

Radios, CD’s, tape players, musical instruments, noisemakers, and similar devices will not be permitted during any indoor activity. Only signs that communicate positive support and have been approved by the host athletic director will be permitted.

**Souvenirs/Promotional Sales Items**

Because of the possibility of injury, sale items are not to be tossed into the crowd or distributed during athletic contests without prior athletic director approval.

**Broadcasting**

1. All promotional announcements must be impartial and in no way promote inappropriate behavior on the part of contestants, students or other observers. No **Play-by-Play** broadcasting is allowed. Broadcaster should avoid announcing play situation in advance. Broadcasters or announcers must remain cognizant of the purposes and the objectives of high school athletics.

2. **Upon principal’s approval**, Athletic directors may employ disc jockeys or musicians to perform during their scheduled athletic events. However, the athletic director or his/her designee is responsible for screening all music prior, during, and after every event. All broadcasted lyrics, words, and comments should be free of explicit, derogatory language.

**Admission Policy for Athletic-Related Groups**

1. All cheerleaders, members of pompon squad, majorettes, and band members will be admitted free to home contests only if they are performing and are accompanied by their coach or sponsor.

2. Cheerleaders may attend away football games and play-off contests, if there is not a home contest at their school. They may not attend other away athletic contests without prior permission from their principal, host school principal and the Coordinating Supervisor of athletics.

**Admission Policy for PGCPS Employees**

1. Teachers and staff from the home and visiting school (s) shall be admitted free of charge with proper identification (school photo identification badge).

2. Supervisory Staff from Central Offices shall be admitted free to all county athletic events with a MPSSAA Pass or a Superintendent’s Pass and proper identification. Only MPSSAA Passes can be used for Region and State Events.
Admission Policy for Complimentary Passes

PGCPS and MPSSAA Passes will admit the bearer only. A sign-in sheet shall be made available at all athletic events where admission is charged.

1. Superintendent’s Passes will be given to the following:
   A. Coaches who are not listed as paid assistants (refer to coaching assignments per PGCEA Negotiated Agreement)
   B. Volunteer coaches

2. MPSSAA Passes will be given to:
   A. Principals and Vice Principals
   B. Head Coaches
   C. Paid Assistants (refer to coaches assignments per PGCEA Negotiated Agreement)

Guidelines Relative to Free Admittance to Athletic Events

Regular Season Games Only

1. All children age six (6) and under will be admitted free.

2. Those persons holding Prince George's County Superintendent or MPSSAA passes will be admitted free after signing the sign-in sheet. The game manager will provide a sign-in sheet for all athletic contests. (Prince George's County Superintendent passes are not acceptable at MPSSAA Regional or State playoff games.) Only the holder of the pass may be admitted free of charge.

3. All athletic support groups performing, i.e., cheerleaders, pompons, band, etc., will be admitted free. They must be in uniform, enter as a group and be accompanied by a sponsor.

4. Junior varsity players (in that sport only) of the two (2) participating schools will be admitted free when properly identified and enter as a group.

Admissions Policy for Senior Citizens (age 55 and over)

Board of Education Policy 1261 mandates that senior citizens receive a discount on admission to athletic events.

Accounting for Tickets and Ticket Pricing Policy

- All athletic directors will receive an Athletic Ticket Report Form. All athletic directors will sign this document and retain a copy. A copy shall be given to the principal and a copy will be retained in the Office of Athletics.
• Gate receipts from varsity football ticket sales are to be returned to the PGCPS Office of Treasury Operations. Athletic directors must verify that funds have been sent to PGCSP by completing the online ticket report in GoogleDocs.

• The online Cash Voucher Document must be completed for varsity football gate receipts. The Office of Athletics or his/her designee will account for those ticket sales.

• Gate receipts for all other athletic event ticket sales are the responsibility of the school principal or his/her designee. Tickets are to be kept in a secure location and accounted for at the end of each sports season.

• Please refer to Administrative Procedure 3702

**Football**

Prince George's County Public Schools have a countywide (universal) ticket for all varsity football games acceptable at all varsity football games regardless of where they are purchased.

• $ 4.00 - purchased by students in school, and a senior citizen (55 or over with ID) at anytime

• $ 5.00 - general admission purchased at the gate

**Basketball**

A standard county admission fee for basketball games is

• $ 4.00 - student ticket purchased in school, and a senior citizen (55 or over with ID) at anytime

• $ 5.00 - general admission purchased at the door

**Other Sports**

Junior varsity football, volleyball, wrestling and soccer

• $ 4.00 - student ticket purchased in school, and a senior citizen at anytime

• $ 5.00 - general admission purchased at the door

• $ 5.00 – cheerleading competitions
Security

Office of Athletics will provide police for athletic events as follows:

1. Varsity Football (Office of Athletics will cover the cost)
   a. 2 for day time games (unless otherwise requested)
   b. 4 for night games
2. Varsity Basketball (Each school must cover the cost)
   a. 2 for boys games
   b. 1 for girls’ games (additional officers should be requested at least 2 weeks in advance when a large crowd is expected)

Sportsmanship

Expectations for Spectator Behavior

- APPLAUD players for their efforts
- ACCEPT the decisions of officials
- APPRECIATE participants for their commitment
- SUPPORT school personnel in conducting an orderly and spirited contest
- MAINTAIN composure when breaks seem to go against your team
- RESPECT the rights of other spectators
- REWARD sportsmanlike behavior through cheering
- FOCUS attention on positive aspects of competition
- ENCOURAGE players by showing enthusiasm and positive recognition
- DEMONSTRATE concern for the safety and welfare of athletes

### IMPORTANT CALENDAR NOTES
There are 180 student days and 192 teacher days (195 for new teachers). Last days for students and teachers are subject to change. 10- and 11-month employees can refer to Bulletin M-1-19 for clarification on workdays.

### INCLEMENT WEATHER MAKE-UP DAYS
Three inclement weather make-up days are built into the school calendar. If two days are used, the last day for students will be June 12 and the last day for teachers will be June 17; if one day is used, the last day for students will be June 11 and the last day for teachers will be June 16; if no days are used, the last day for students will be June 10 and the last day for teachers will be June 15.

### RELIGIOUS HOLIDAYS
Major religious holidays are noted for planning purposes only. Jewish and Muslim holidays begin the day before at sunset. To avoid excluding students, families and staff from important meetings or activities, PGCS prohibits scheduling these events on major holidays noted with an asterisk (*) on this calendar. This restriction does not apply to state or regional events.

General Guidelines/Procedures for all Sports

A. Warm up for games

1. Proper warm up must be given to teams; special consideration should be given to visiting teams arriving late due to unforeseen circumstances.

2. Pre-game and half-time warm up guidelines

   a. Players can only warm up in their assigned half of the playing area.

   b. Players cannot run laps around the entire playing area and must avoid their opponent’s bench during laps.

B. The Office of Athletics must approve all postponements and cancellations. Once approval is given, the home team is responsible for contacting the opposing team and sport commissioner immediately.

C. Post-game departure

1. Visiting schools should depart the school premises in a timely manner.

2. The coach of the visiting team shall inspect the dressing area of the visiting team before and after a contest. Problems or concerns should be reported to the game manager, athletic director or home team coach.

D. Communicable diseases (refer to NFHS policy)

E. Drug, alcohol, and tobacco use (refer to Student Code of Conduct)

F. Concussion Awareness

G. Heat Acclimatization Education

H. Child abuse (refer County memo)

I. Discrimination and Harassment (refer to Administrative Procedure 4170)

J. Sanction rule – A member MPSSAA school shall not compete in any of the following contests unless the contest is approved by the MPSSAA Executive Director:

   1. Any inter-county contest involving more than three teams and sponsored by a non-member educational institution;
2. Any inter-county contest involving more than four schools;

3. Any inter-county contest involving more than four counties. The host school shall file the appropriate sanction request form with the MPSSAA. Executive Director at least 45 days before the event.

K. Background check for coaches (refer to Prince George’s County Fingerprinting memo).

L. Equity (refer to Prince George’s County Board of Education Policy 0500).

M. School mascots and colors (refer to appendix).

N. Testing dates (see Prince George’s County yearly Testing Schedule for High Schools).

O. Adding Players during Sports Seasons:

   1. Athlete must complete a 10 day conditioning period unless they are transferring from another school and were participating in an active sport at the varsity or JV level.

   2. All other eligibility requirements must be met

   3. An addendum to the eligibility roster has been received in the Office of Athletics
Specific Sport Information

Adding New Sports Programs:

In order to add a new sports program, 50% of the high schools must have active club or intramural team that has participated in the sport for a minimum of one (1) season.

New sports teams/programs must participate at the junior varsity level for 2 consecutive seasons unless the Prince George’s County Athletic Association approves the sport and/or program to compete at the varsity level.

NOTE: For safety reasons and continuity of programs, at the beginning of each sports season, a minimum number of players per sports team will be set. There will be an on-going evaluation of programs during each season. If the number of players falls below the minimum, the program will be re-evaluated by the school athletic director and the Coordinating Supervisor of athletics. The minimum number for each sport must be met at least seven days prior to the first contest.

Baseball

1. The minimum number of participants is as follows:
   a. Varsity – 12
   b. Junior Varsity – 12

2. The home team must submit game results to the sports representative within 24 hours of the contest.

3. The athletic director should reschedule postponed games on the next common date for both teams.

4. Teams may participate in tournaments.

5. The visiting teams must be given the field 20 minutes immediately prior to the start of the game for warming up.

6. Home coaches should provide a properly maintained, lined field and a minimum of six new, approved baseballs for each game.

7. The mercy rule for baseball states if a team is down by 10 runs or more at the end of four and a half or five innings the game will end.

Basketball (Boys and Girls)

1. The minimum number of participants is as follows:
   a. Varsity - 12 players
   b. Junior Varsity - 12 players
2. Scrimmages should be limited to one per day or 6-quarters for a multi-team event.

3. Rescheduling of postponed games due to system-wide school closings:
   a. Tuesday games are made up the next Thursday.
   b. Friday games are made up the next Monday.
   c. Games will be made up in the order that they are cancelled.
   d. The Office of Athletics may reschedule all postponed games.

4. Pep bands and loud speakers should not be located in front or behind the visiting team.

5. Home team must submit game results to the sports representatives and their regional representative within 48 hours of the contest.

6. A school’s basketball coaching staff should have no more than five (5) coaches on the sideline during a varsity game. This includes varsity and junior varsity coaches who are paid, emergency, and volunteers.

**Cheerleaders**

1. The minimum number of participants is as follows
   a. Varsity – 8
   b. Junior Varsity – 8

2. Cheerleaders should conduct themselves in a courteous, polite, and considerate manner, reflecting good sportsmanship.

3. Refer to the Prince George’s County Handbook for Cheerleader Sponsors.

**Cross Country**

1. The minimum number of participants is 5 runners.

2. There will be medical coverage at all cross-country meets when possible.
   The athletic office will assign EMT’s.

3. The host school will submit results to the sports representative within three days.

4. The number of regular season meets is limited to ten.

5. The host team is responsible for conducting course walk.
Football

1. The minimum number of participants 10 practice days prior to the season is as follows:
   
   a. Varsity team – 22 players
   b. Junior Varsity team – 22 players

2. Coaches may issue equipment prior to August 15. The coach is responsible to see that equipment is not used prior to that date.

3. Fall practices should be limited to 3 hours on the field. Players may not take part in contact drills and/or scrimmages until they have participated in a minimum of 3 practices (two-a-days count as one practice day). This rule is in force for the entire season.

4. Scrimmages may be scouted. Schedules should be sent to all league teams.

5. State playoff representation is determined by the MPSSAA point system.

6. The scoreboard clock will be the official time at any game where the home so designates and pays the fee for the clock operator.

7. Home team will wear color jersey or home jersey; visiting team will wear white jersey or visiting jersey, unless both coaches reach prior agreement.

8. Chain crew must remain on the home sideline the entire game.

9. Homecoming halftimes should be no more than twenty minutes unless both teams agree prior to the start of the game.

10. The P.A. system should not be used for cheering or play-by-play.

11. The home team must provide a legal football.

12. The home team must sit on the same side as the home crowd.

13. Restrictions for bands are as follows:

   a. Pre-game and National Anthem must begin five minutes before kickoff.

   b. Half-time shows must be completed and bands should be off the field five minutes before the second-half kickoff.

   c. Bands cannot play while the game is in progress. They may play during timeouts, between quarters and at half time.
14. The home team will submit game results to the sports representative within 48 hours of the contest.

15. Medical coverage will be provided for all Varsity and Junior Varsity games, and the athletic office will assign EMT’s. The Mercy Rule for football states that if during the second half the point-spread reaches 35 points or more, the time clock will run continuously except for time outs and injuries.

16. A school’s football coaching staff should have no more than 10 coaches on the sideline during a varsity game. This includes varsity and junior varsity coaches who are paid, emergency, and volunteers.

**Golf**

1. The minimum number of participants is three. Players’ skill level must be sufficient to maintain the pace of play of the group.

2. State playoffs – see MPSSAA Fall Bulletin.

3. The use of riding or pull carts is not allowed.

4. The maximum number of players that can be taken to a match is six.

5. The scoring will be match play, 4 points total.

6. No team should report to the course earlier than 30 minutes prior to the match.

7. Line up cards will be exchanged prior to match play. Stacking is not permitted.

8. Soft spikes or sneakers must be worn. Ripple soles are not allowed.

9. Proper attire, which includes a colored shirt, is required. Jeans are not allowed.

10. Host team will submit the match results to the sports representative within 24 hours.

**Indoor Track**

1. The minimum number of participants is ten.

2. Each school will be assigned specific responsibilities for the county meet.

3. There will be medical coverage at the county track meet when possible. The athletic office will assign athletic trainers and/or EMT’s.

4. The completed county entry form (electronic entry) is due seven days before the meet.

5. The home team must send results to the sports representative within 48 hours.

6. The Mercy Rule for Softball states if a team is down by 10 runs or more at the end of four and a half or five innings the game will end.

**Swimming**

1. The minimum number of participants is 8.

2. The Athletic Office will pay for pool rental time.

3. Rescheduling of meets shall be based upon pool availability.

4. The coach must be present at all practices and meets.

5. The County Championship will be determined by the winner of the Prince George’s County championship meet to be held following completion of the dual meet scheduled. The 4A and 3A/2A/1A teams with the best dual meet win/lose record and runners up will also be acknowledged.

6. Students may participate as individuals or with a team in the same sport outside of school during the school season. However, they will be expected to attend practice.

7. A swimmer must participate in 5 of 7 regular season dual meets or sixty percent in order to participate in the county. A swimmer must swim officially in a dual meet individual event to enter that same event in the County Championship meet. **NO EXCEPTIONS.**

8. Both schools will be responsible for supplying an appropriate number of designated officials for each meet. The arrangements for officials should be done through the
coaches and parent representatives. These arrangements should be made two (2) days prior to the meet. Officials shall be volunteers.

9. All meets will be governed by National Federation rules amended in this handbook or otherwise agreed upon in writing by both coaches.

10. A preseason meeting on meet management and aquatics rules interpretation will be held. All interested coaches and prospective officials should attend. A post-season meeting will be held at the discretion of the Coordinator.

11. A competitor shall be permitted to enter a maximum of four (4) events, no more than two (2) of which may be individual events.

12. Meet Results – Coaches are responsible for checking scores and discrepancies must be reported within 48 hours. Scores are also due to the Coordinator within by 9:30 p.m. on Saturday. Meet sheets are due on Monday following the meet.

**Tennis**

1. The minimum number of participants is eight.

2. Each school shall play every other school in its division as long as the total number of matches does not exceed the maximum number allowed by state regulations.

3. There shall be a district tournament at the end of the regular season. The tournament committee will decide the number of players each school may enter. See the State Bulletin for further information.

4. Host team will submit the match results to the sports representative within 24 hours.

   Match rules:

   a. Players shall be limited to playing either singles or doubles, not both in the same match.

   b. The Prince George’s County Athletic Association has adopted the following match format for the high school tennis season. A match will include nine contests to include:

      1) #1 and #2 Men’s Singles
      2) #1 and #2 Women’s Singles
      3) #1 and #2 Men’s Doubles
      4) #1 and #2 Women’s Doubles
      5) #1 Mixed Doubles
c. All matches are scheduled for 3 sets. All matches are played using no ad scoring. The first player, (or players in case of doubles), to win two (2) sets, wins the match. If the player (s) split sets, the 3rd set will be played as a tiebreak with the winner being the first to 10 points with a difference of 2 points. If no ad scoring, at deuce, the receiver may choose which side to receive the serve. In mixed doubles the male will serve to the male and the female will serve to the female.

d. Stacking is not permitted.

e. In the event a match is in progress and then rained out, play must be resumed at the point (exact score) it was when discontinued. A coach must use the same players if their match was started. If a match was not started, the coach may make a substitution.

f. The home coach is the match official.

g. If a match is to be postponed, the home coach must notify both athletic directors and the opposing coach, as soon as possible before match time.

h. The athletic director should reschedule postponed matches on the next common date for both teams.

**Volleyball**

1. The minimum number of participants is as follows:

   a. Varsity – 9 players

   b. Junior Varsity – 8 players

2. Each team is responsible for providing one line judge.

3. All varsity matches must precede junior varsity play.

4. The home team will submit game results to the sports representative within 48 hours of the contest.

5. Postponed matches should be scheduled by the athletic director on the next common date for both teams.
Wrestling

- The minimum number of participants is seven.

- Weight certification forms must be turned in to the athletic directors and the wrestling representative prior to the first contest.

- Each wrestler is required to have at least one half of his weigh-ins during the season at the minimum weight he will wrestle during the state tournament series.

- The results of the previous week must be submitted to the wrestling representative by 12:00 noon each Monday.

- Postponed matches must be made up in the order that they are cancelled whenever possible.

- There will be medical coverage at all county and regional tournaments. The athletic office will assign EMT’s.
County Championships

A. League Champion will be determined by best winning percentage.

B. Ties in League Championship will be broken by – 1) Head to head record, 2) By head to head point differential, 3) If still tied, we will have co-league champions. To determine which team shall play for the County Championship, ties shall be broken using the aforementioned steps or a coin flip if co-league champions.

C. The following sports will have a championship game between the Divisional Winner: to be eligible to play in the County Championships you must have played the minimum number of games as outlined by MPSSAA.

1. Baseball
2. Boys’ Basketball
3. Cheerleading
4. Girls’ Basketball
5. Boys’ Soccer
6. Girls’ Soccer
7. Softball
8. Tennis
9. Volleyball

D. Wrestling will have two county champions (4A and 3A/2A/1A).

E. Cross-country, indoor track, outdoors track, and swimming will have two county champions determined by the county meet.

F. Proceeds from county championship games shall be placed in separate championship game accounts. The PGCAA shall determine the use of county championship proceeds. Proceeds must be used to enhance the Athletic Program.

Frequently Asked Questions

- Q. I have a member of my team who has been waiting for over an hour for a ride home after practice. Can I give them a ride in my car?
  - A. You may not transport students at any time. Contact your athletic director and/or the administrator on duty for further direction.

- Q. Can I call Uber or Lyft to take a student home after a game or practice?
  - A. Absolutely not! You may only release a student to their parent and/or guardians. It is against MD law
    See page 138 of the PGC Athletic Handbook

- Q. Can I take a student or a group of students to a college for an athletic event or on a college visit?
  - A. A coach may not transport or travel with a single individual student at any time. If there is a group activity that the team would like to participate in, you must submit the request to your athletic director. Approval by the principal and Central Office Staff must be given prior to any action being taken by you as a coach.

- Q. Is it okay to text, email, Instagram, Snapchat or use other forms of social media to communicate with my team regarding our, practice, game strategy, video review and other team related issues?
  - A. Yes, it is okay to use forms of social media to communicate team related matters to the **ENTIRE TEAM** or a smaller select **GROUP** within the team.

- A. **ONE** on **ONE** communication between a student and a coach should not take place at any time.

Game and Event Management

Introduction
This document has been prepared to provide a blueprint for successful game and event management.

Brainstorm-Before and During an Event
1. What can be done? Teams, officials, facility, medical needs
2. What should be done? Facilities, transportation, support, security
3. What can be done? Promotion/marketing

Key People You Will Need
1. Game Manager
2. Ticket takers and sellers
3. Event host/hostess-teams and officials
4. Officials
5. Security
6. Announcer
7. Concessions
8. Set-up and clean-up
9. Medical personnel-trainer, doctor, other (dial EMT)

Where to Find Key People
1. Faculty and staff
2. Retired Staff
3. Other school System Personnel

Some Practical Suggestions
1. Have a back-up P.A. System and scoreboard
2. Have ample security coverage, know where they are located
3. Carry a cellular telephone, key people should carry two way radios
4. Carry a whistle
5. Make sure to shut off sprinklers
6. Never give out your keys
7. Provide maps
8. Have an evacuation/emergency plan
9. Have a good announcer
10. Put everything in writing

Final Comments
1. All events are different in some way, prepare!
2. A successful event is measured by the level of enjoyment of the activity by all participants and attendees.

Sample Athletic Emergency Action Plan

The following sample emergency action plan is just an example. Relevant changes should be made based on each institution’s staffing availability, athlete age group, and site location. Depending on the setting, the institution may not have an athletic trainer present at all times. You should make relevant notes and plans throughout the EAP to ensure that proper protocol can be followed no matter who is available. Also, you should take state and federal laws and policies into consideration when developing your own emergency action plan, e.g., when planning for heat illnesses or concussions.

EMERGENCY ACTION PLAN FOR ATHLETICS

OVERVIEW

Introduction

Emergency situations may arise at any time during athletic events. Expedient action must be taken in order to provide the best possible care to the sport participant. The development and implementation of an emergency action plan will help ensure that the best care will be provided.

As emergencies may occur at any time and during any activity, all school activities workers must be prepared. Athletic organizations have a duty to develop an emergency plan that may be implemented immediately when necessary and provide appropriate standards of emergency care to all sports participants. As athletic injuries may occur at any time and during any activity, the sports medicine team must be prepared. This preparation involves formulation of an emergency plan, proper coverage of events, maintenance of appropriate emergency equipment and supplies, utilization of appropriate emergency medical personnel, and continuing education in the area of emergency medicine and planning. Hopefully, through careful pre-participation physical screenings, adequate medical coverage, safe practice and training techniques and other safety avenues, some potential emergencies may be averted. However, accidents and injuries are inherent with sports participation, and proper preparation on the part of the sports medicine team should enable each emergency situation to be managed appropriately.

Components of an Emergency Plan

1. Emergency Personnel
2. Emergency Communication
3. Emergency Equipment
4. Roles of First Responder
5. Venue Directions with a Map

Gifts to support The Korey Stringer Institute may be made through the UConn Foundation, Inc. a tax-exempt 501(c)(3) corporation dedicated exclusively to benefit the University, and are deductible for federal incomes tax purposes to the extent allowable by law. All gifts will be used to benefit The Korey Stringer Institute and its mission.
Emergency Personnel

The first responder in an emergency situation during an athletic practice or competition is typically a member of the sports medicine staff, such as a certified athletic trainer. However, the first responder may also be a coach or another member of the school personnel. Certification in cardiopulmonary resuscitation (CPR), first aid, automated external defibrillator (AED), prevention of disease transmission, and emergency plan review is required for all athletics personnel associated with practices, competitions, skills instructions, and strength and conditioning [also including: athletic director, school nurse, certified athletic trainer, all coaches, etc.]. Copies of training certificates and/or cards are maintained in the athletic training facility and/or with the athletic director.

The emergency team may consist of physicians, emergency medical technicians, certified athletic trainers, athletic training student, coaches, managers, and possibly bystanders. Roles of these individuals will vary depending on different factors such as team size, athletic venue, preference of the head athletic trainer, etc.

The four basic roles within the emergency team are:

1. Establish scene safety and immediate care of the athlete: This should be provided by the most qualified individual on the medical team.

2. Activation of Emergency Medical Services: This may be necessary in situations where emergency transportation is not already present at the sporting event. Time is the most critical factor and this may be done by any one on the team. However, the person chosen should be someone who is calm under pressure, communicates well, and is familiar with the location and address of the sporting event.

3. Equipment Retrieval: May be done by any one on the emergency team who is familiar with the types and locations of the specific equipment needed. Athletic training students, managers, and coaches may be good choices for this role.

4. Direction of EMS to the Scene: One of the members of the team should be in charge of meeting the emergency medical personnel as they arrive at the site. This person should have keys to locked gates or doors.

Formation of an emergency team and implementation of specific roles are important. You should also assign more than one person to a role in case certain members are not present during a given situation.

Gifts to support the Korey Stringer Institute may be made through the UConn Foundation, Inc. a tax-exempt 501(c)(3) corporation dedicated exclusively to benefit the University, and are deductible for federal income tax purposes to the extent allowable by law. All gifts will be used to benefit the Korey Stringer Institute and its mission.
Activating Emergency Medical Services

I. Provide Emergency Care (First Aid/CPR)
   a. If needed follow the steps below 2-9.
   b. If EMT is not needed follow steps 5-9.

II. Call 911

III. Provide Information
   a. Your name
   b. address
   c. telephone number
   d. the caller nature of emergency (medical or non-medical*)
   e. number of athletes
   f. condition of athlete(s)
   g. first aid treatment initiated by the first responder
   h. specific directions as needed to locate the emergency scene
      i.e. use the south entrance to the stadium on Ponfret Street
   i. other information requested by the dispatcher

IV. Send someone to meet EMS

V. If appropriate, retrieve medical equipment

VI. Control crowd to keep person(s) safe

VII. Staff member (if parent is not on scene) should accompany to emergency room

VIII. Call Parents or Guardian – emergency numbers are listed on medical card located in medical kit

IX. Contact athletic director, principal and director and/or supervisor of interscholastic athletics

*If non-medical, refer to the specified checklist of the school’s non athletics emergency action plan

Emergency Communication

Communication is a key to a quick, efficient emergency response. There should be a pre-established phone tree to ensure all relevant parties are notified. Access to a working telephone line or other device, either fixed or mobile, should be assured. There should also be back-up communication in effect in case there is a failure of the primary communication. At every athletic venue, home and away, it is important to know the location of a workable telephone.

Emergency Equipment

All necessary emergency equipment should be at the site and quickly accessible. Personnel should be familiar with function and operation of each type of emergency equipment. The equipment should be checked on a regular basis to ensure good condition and equipment use should be rehearsed by all emergency personnel.

Creating an equipment inspection log book is strongly recommended. Know how to properly care for and store all of the equipment. You should choose a clean, dry, environmentally controlled area and it should be readily available when emergency situations arise.
This type of equipment could include: spine boards and straps, automated external defibrillators (AEDs), AED pads, AED batteries, splinting equipment, helmet removal equipment and their batteries, etc.

Coaches should take note of the closest AED to their practice and game locations.

Medical Emergency Transportation

Emphasis is placed on having an ambulance on sit at high risk sporting events, such as football, gymnastics, track and field meets, etc. In the event that an ambulance is on site, there should be a designated location with rapid access to the site and cleared route for entering/exiting the venue. In the event that an ambulance is not on site, the medical personnel should be aware of average EMS response time for the athletic venue and distance from the venue to local hospitals.

Any emergency situation where there is impairment in loss of consciousness (LOC), airway, breathing, or circulation (ABCs) or there is a neurovascular compromise should be considered a “load and go” situation and emphasis placed on rapid evaluation, treatment, and proper transportation.

Non-Medical Emergencies

For the non-medical emergencies (fire, bomb threats, violent or criminal behavior, etc.) refer to the school emergency action plan checklist and follow instructions.

Conclusion

The importance of being properly prepared when athletic emergencies arise cannot be stressed enough. An athlete’s survival may hinge on the training and preparation of athletic healthcare providers. It is prudent to invest athletic department “ownership” in the emergency action plan by involving the athletic administration and sport coaches as well as sports medicine personnel. The emergency action plan should be reviewed at least once a year with all athletic personnel and local emergency response teams. Through development and implementation of the emergency plan NAME OF YOUR SCHOOL helps ensure that the athlete will have the best care provided when an emergency situation does arise.

Emergency Action Plan Run Through

All personnel associated with athletics should be familiar with all relevant venue emergency action plans. Familiarization includes: knowing one’s specific role during an emergency situation, knowledge of emergency equipment, and how to appropriately activate the emergency action plan.

Each person who will be working with the school’s athletics programs should be given a copy of the emergency action plan annually and sign an agreement that they have read and understand the document.

Additionally, each team before the start and throughout the season should run through scenarios in order to increase the comfort level and efficiency of the emergency action plan. This team should also include the local ambulance services and the fire department. Ensure that all team members are on the same page with athlete care and transport protocols (i.e. helmet removal for equipment-intensive sports such as football and lacrosse or “cool first, transport second” policies for exertional heat illnesses). Run-throughs should also be taken into consideration where ambulance access would take place to determine if any gates or cars would block the entrance during practice/game times and where any keys or relevant equipment will be located.

Out-of-Season Participation

A Summary of MPSSAA and Prince George’s County Public Schools Standards and Regulations Regarding Out-of-Season Activities Involving School Teams and School Coaches

The following is a summary of applicable Maryland Public Secondary Schools Athletic Association (MPSSAA) and Prince George’s County Public Schools (PGCPS) standards and regulations regarding out-of-season activities involving school teams and school coaches. The summary also includes limitations regarding the extent of contact that school coaches may have with returning players beyond the defined sports season. The summary addresses the following standards and regulations:

A. Fundamental Points
B. Camps
C. Conditioning Programs
D. Coaching Returning Players on Non-School Teams
E. PGCPS Interpretations
F. Definition of a Non-school Team
G. Practice and Game Limitations
H. Coaching Returning Players on an Individual Basis

A. Fundamental Points

1. One important point always to bear in mind is that school teams may not, under any circumstance, practice, compete, or meet beyond the established MPSSAA sports season. The established MPSSAA sports season begins with the first practice allowed for that season, and ends with the state championship for that sport. This important point is true whether applied to camps, playing in summer or out-of-season leagues, or participating in conditioning programs. This important point is essential in understanding applicable MPSSAA and PGCPS regulations and guidelines.

2. A second important fundamental point is that rules and regulations that pertain to school coaches extend to volunteer coaches and all other school personnel. Rules violations involving school teams practicing or assembling beyond the established sports season may occur even though a paid coach is not directly involved.

3. A third important fundamental point is that if a team has violated an MPSSAA regulation, there is a precise sequence of penalties that are applied. The minimum penalty for a state violation is a forfeit, and sanctions against the coach, player(s), or both. In this fashion, no matter how small a state violation may appear, a forfeit and sanctions will automatically be applied as the minimal penalty. If the violation occurs in the summer, or before the start of the season, then the forfeit applies to the opening game(s) of the ensuing season.

B. Camps

1. It is illegal for a school team to attend a camp as a team because school teams may not practice, compete, or assemble out-of-season.
2. However, it would not be illegal for a group of players from the same school to attend a camp. There is a fine but important distinction between the two.

3. What is the difference between a school team and a group of players from the same team?
   - If the school coach is involved with the camp arrangements, including the collection of fees, then the group becomes a school team (illegal).
   - If attendance or participation in the camp is mandatory, then the group becomes a school team (illegal).
   - If school money (including booster clubs and money derived from fundraisers) is used to pay for camp fees or expenses, the group becomes a school team (illegal).
   - **If the coach supervises, instructs, or coaches returning players at the camp, the group becomes a school team (illegal).**
   - Coaches may attend camps and observe returning players, but they may not coach, supervise, or instruct them except as provided below.

4. When can a school coach provide instruction to returning players at a camp?
   - A school coach may instruct returning players if the camp is oriented to individual skills. For instance, school coaches may instruct returning players in a particular position or skill area if the players are part of a larger group of players representing multiple schools.

5. What is considered a “returning” player?
   - A player who has previously participated in that sport at that high school is considered a returning player, whether the participation was on the varsity or junior varsity level.
   - Incoming 9th grade students are not considered as “returning” players.

6. May a school host a camp?
   - Yes. However, no returning players from the school may participate in the camp if it is conducted or sponsored by the program/school or persons associated with the program/school.
   - Returning players may be used as camp counselors. When functioning as camp counselors, returning players are not considered as camp participants.
   - PGCSS schools conducting camps must complete the form entitled *PGCSS Application for Summer Camps/Activities*.

7. Can a group of coaches/schools get together and create a camp?
   - No. The camp must have an official, bona fide camp sponsor, and a camp administration, completely separate from the participating teams. Participating schools or coaches may not be involved in sponsoring or administering the camp. If the above criteria is satisfied, then the camp takes on the appearance of a true camp, as opposed to a group of coaches running joint out-of-season practices.

**C. Conditioning Programs**

1. Individual teams may not conduct conditioning programs beyond the sports season. This would be considered as practicing outside of the sport season.
2. However, schools may conduct voluntary, “all-school” conditioning programs. An “all-school” conditioning program would include the following elements:
   - Participation is voluntary.
   - The conditioning program must be advertised and available to all students in the school.
   - The conditioning program is conducted at the school site, by school personnel.
   - The conditioning program is oriented exclusively toward conditioning of a general nature – not specific sports-related skills.
   - Conditioning programs must adhere to standards and guidelines described under Conditioning Programs in the PGCPS High School Athletics Handbook.

3. What school equipment may be used in conditioning programs?
   - Sport-specific equipment, including pads and protective equipment, may not be used outside the sports season. The use of sport-specific or protective equipment lends strongly to the perception of an out-of-season team practice as opposed to an all-school conditioning program.
   - Blocking pads, kicking screens, balls, or other sports-specific equipment may not be used in conditioning programs.
   - Equipment such as weight room equipment, cones, agility ropes, etc., may be used because these are general in nature and can apply to most, if not all, teams.

4. Can a school coach supervise returning players from his team in a conditioning program?
   - Yes. However, the program still must be advertised and available to all students. The program may not be exclusively advertised for a particular team.

D. Coaching Returning Players on an Individual Basis

1. MPSSAA regulations do not allow school teams to practice or assemble after the season. School teams are defined as “Any school group or team gathering consisting of three or more players that has assembled for the purpose of drilling or instruction.”

2. The above opens the door for coaches to work with a limited number of athletes on an individual basis beyond the sports season. Specifically, MPSSAA interpretations specify that “School coaching staffs may work with a maximum of two players per day.”

3. Thus, school coaches or coaching staffs may work with a maximum of two players on an individual basis on a particular day outside the sports season. This could mean a pitcher-catcher, QB-receiver, two goalies, etc. Under no circumstance, however, may the total number of players per day exceed two, no matter how many coaches may be involved.

4. Open Gym/Fields Guidelines 1-6 included under Conditioning Programs in the PGCPS High School Athletics Handbook apply to coaching returning players on an individual basis outside the sports season.

E. Coaching Returning Players on Non-PGCPS Teams

1. As mentioned previously, a school team may not practice or compete beyond the parameters of the MPSSAA sports season. These parameters begin on the first day of practice, and end upon conclusion of the playoffs (state championship).

2. Similarly, a school coach may not instruct or coach returning players beyond the defined MPSSAA sports season unless the players are on a non-school team coached by the school coach.
3. If the school coach is the coach of a non-school team, the number of returning players that can be on the non-school team is determined by the calendar, as indicated below:

**MPSSAA “Eighty-Percent” Rule**
- From the first practice of fall sports (mid-August) to the last spring sport state championship (late-May), the non-school team may include a maximum of 80% of what would constitute a starting line-up for that sport.
- For instance, eleven players would constitute a starting lineup for a soccer team. Eighty-percent of eleven, rounded down to the nearest whole number, is eight. Thus, if the school coach is the coach of a non-school soccer team, between mid-August and late-May, a maximum of eight returning players may be on the non-school team.

**MPSSAA Unrestricted Period**
- From the last spring state championship (late-May) until the first practice for fall sports (mid-August), there is no MPSSAA limit on the number of returning players that the school coach may coach on a non-school team.

**F. PGCPS Interpretations**

An asterisk (*) will be indicated in many instances in the sections that follow. The asterisk (*) indicates an interpretation by PGCPS regarding the applicable MPSSAA regulations.

A PGCPS interpretation is not a specific regulation. PGCPS does not have jurisdiction over non-PGCPS teams. However, PGCPS interpretations are important because they provide guidelines to assist schools, teams, and coaches from “crossing the line” from a non-school team to a school team. PGCPS interpretations are intended to assist schools and coaches in establishing clear parameters.

If there is a question of whether a team has violated a regulation, PGCPS will apply the interpretations that are offered to assist in determining whether a violation has occurred.

**G. Definition of a Non-School Team**

1. The team must be affiliated with a league that satisfies MPSSAA regulations (league must be operated by a non-profit organization or educational institution outside the school system). The PGCPS Interpretation would require that the league include the following components.
   - *Either the league provides insurance for players/teams, or the league requires that teams in the league provide proof of insurance.
   - *The league determines the schedule, with a similar number of games for all teams in the league.
   - *The league has a commissioner (or a similar designation).
   - *The league provides specific parameters/rules for conducting games, including a specific structure for contests and league play.

2. The non-school team may not use a name connected with the school
   - *In many instances the name of a school is also the name of the community. Accordingly, the non-PGCPS team may include either the name of the community, and
not the school nickname, or use the school/community nickname, but not the name of the school/community.

*The non-school team may not use both the name of the school/community and the nickname of the school/community.

3. The non-school team may not use school uniforms or equipment
   *School equipment includes any and all items owned by the school, including balls, cones and conditioning equipment. Briefly, other outside groups do not have school equipment at their disposal. Thus, a team using school equipment creates a clear link to a school team.
   *Equipment discarded by the school (i.e. old blocking shields, balls) may not be used unless the school has sold or donated the equipment to the non-school team. For insurance and liability purposes, this transaction should be in writing. The discarded equipment must be stored at a site other than the school site.
   *School uniforms include current as well as old or discarded uniforms.

4. The non-school team may not use school facilities unless the use is processed through School Facility Use Application and Permit Form (SFUAP)
   *The non-school team may not use the school facility, inside or outside, for practices or games unless it has followed SFUAP procedures

5. Participation on the non-school team must be voluntary.
   *Coaches may not coerce or pressure students to participate on the non-school team.
   *Coaches may not imply or use participation on the non-school team as a factor in subsequent school team selection or playing time.

6. The non-school team must have proof of insurance.

H. Practice and Game Limitations

1. MPSSAA Interpretation – A maximum of one practice session per game or event
   *A team is allowed up to three practice sessions in preparation for the first league game. After the opening league game, teams are limited to one practice session per game or event.
   *The total number of practice sessions per week may not exceed the number of games or events.
   *A tournament, or jamboree, or any other gathering of multiple teams is considered as one event, even though several games may be played in that event.

2. The total number of games and practices per week may not exceed six.
   *For instance, if a team has three games in a week, it is allowed a maximum of three practices (3 games + 3 practices = 6)
   *If a team has five games in a week, it is allowed a maximum of one practice
   *However, if a team has one game in a week, it is allowed a maximum of one practice.
3. Tournaments
   - Sometimes the word “camp” is used to describe an event that is actually a tournament. If the event is exclusively, 100%, a tournament, then the event will be construed as a tournament even though it may be called a camp.
   - However, if the activity includes any elements that are characteristic of a camp, the activity will be construed as a camp and not a tournament. To be construed as a tournament, the activity must be 100% competition oriented, with the learning aspect derived through competition.
   - Even though a tournament may include multiple games, it is construed as one event. Thus, a non-school team may have a maximum of one-practice to prepare for tournament.
   - As mentioned previously, a non-school team must belong to a bona fide league with a specific schedule of games. Though a non-school team may participate in tournaments outside of the league, the team may not compete primarily in tournaments. The majority of its games must be league games.
Must Be Completed by Parent(s)/Guardian(s) of Students in Grades 9-12 Before Participation in School-Sponsored Extracurricular Athletic Activities.

RELEASE OF LIABILITY/INFORMED CONSENT/ASSUMPTION OF RISK WAIVER

Permission for Multiple Sports Participation in a Season

Students may participate in a second sport during a sports season as long as one of the teams is an individually oriented athletic team. In addition, a student may be a member of a second “team oriented sports team” and perform a specific function for that team. An example of this would be a soccer player joining a football team as a place kicker and or punter.

Individually Oriented Sports include:
- Cross Country
- Golf
- Wrestling
- Swimming
- Tennis
- Indoor Track
- Outdoor Track

Other sports may be approved by the athletic director and school principal.

Students wishing to participate in a second sport must meet several conditions throughout the season to maintain playing eligibility in both sports.

1. The student declares a primary sport and secondary sport designated below. The primary sport takes precedent over the secondary sport.
2. The student maintains his/her academic eligibility and shall be monitored regularly by the head coach of both sports teams.
3. The student is willing and able to participate in additional practices as deemed necessary by the secondary sport coach. Additional clarification of practice requirements will be outlined in writing by the particular coaches and athletic director 10 days prior to the Maryland Public Secondary Schools Athletic Association (MPSSAA) seasonal first play date.

I have read the above statements and agree to the terms.

Authorization to Treat and Release Medical Information

In order to provide a safe and enjoyable experience for the student athletes at __________ High School, arrangements have been made for the athletic training and team physician services. Our athletic trainer position is funded through the Prince George’s County Public Schools, Med Star Health (10 schools) and Pivot Physical Therapy (15 schools). Both the athletic trainer and physicians are available to any and all Prince George’s County Public High School student athletes for evaluation, consultation, and/or treatment in the event of an injury or illness, or at the request of the athlete, parents, coach, administration, or the patient’s personal physician.

In the event of injury/illness, I give permission for ___________________________ (student athlete’s name) to be treated by the Prince George’s County Public Schools contracted athletic training staff. I understand that treatment may include evaluation, treatment and referral to a physician, withholding a student from sports participation, and/or releasing a student for sports participation. I also, understand that the athletic trainer and/or team physician may withhold any student athlete from sports participation because of an illness or injury, even if their personal physician has cleared the student. This decision is based on professional concerns for the student athlete and/or other student athletes’ health and safety. In the event of an injury/illness, it may be important for the athletic trainer share medical information with physicians, coaches and high school administration. These injuries/illnesses may or may not be a direct result of athletic participation. By signing below, I authorize all departments of athletic professional staff (i.e. coaches, athletic trainer and team physician), athletic director, athletic department staff, and any other attending physician to share/discuss information regarding any injury or physical condition that may affect the athletic participation of the student athlete identified on this form. This information will be used to determine medical eligibility to participate in athletics and help in the diagnosis and treatment of any injuries or illness that may occur during or may affect sports participation.
