BACKGROUND:

On October 5, 12, and 19, Congresswoman Donna Edwards (MD-04) and staff will provide volunteer services in public schools in Prince George’s County. The day of service is a challenge and encouragement to local government, businesses, community advocates, and parents/guardians to give time in the effort of volunteerism.
Volunteer services will vary per needs of schools, but will include tutoring services (in-school pull-asides), administrative assistance, non-confidential data entry, reading to students and working in school libraries and computer labs. Schools will receive Congressional materials including 4th District brochures, Congressional folders (How Our Laws Are Made, The Constitution, Our American Government, and Our Flag) as well as a donation to each school library called The History of African Americans in Congress.
