Date: _____

Hansel and Gretel

Hansel and Gretel love candy. They have 5 boxes of candy: lollipops, jelly beans, chocolates, M&M's, and mints.

Lollipops  25 pieces	Jelly Beans  17 pieces	Chocolates  16 pieces	M&M's  32 pieces	Mints  27 pieces
---	---	--	---	---

1. Hansel took all the candy from two boxes. He has a total of 59 candies. Which two types did he take? Show how you know.

2. Gretel wants to eat 100 pieces of candy. She can take candy from any box. Which combinations of candies can she use to make 100 candies?
