

Prince George's COVID-19 Metrics

Risk Level	Percent of Positive Tests	Infection Rate	Average Daily Case Rate per 100,000 population	Available Hospital Capacity
Low	0-3%	<0.9	1-5	>49.9%
Medium	3.1%-5%	0.9-1.10	5-10	40-49.9%
High	5.1%-10%	1.10-1.39	10-25	30-39.9%
Critical	>10	>1.39	>25	<30%
4/15/22	2.74%*	1.30 (as of 4/6)	7.9 (as of 4/11)	45.8% (as of 4/14)

[Per the Maryland State Department of Education](#), universal contact tracing is no longer needed in schools and childcare programs but can be continued as resources allow. Schools and childcare programs should follow [CDC isolation guidance](#) to exclude students or staff for COVID-19 cases. Schools and childcare programs should provide notification of the COVID-19 case at the classroom or grade level as appropriate. When an outbreak is identified, schools and childcare programs should identify close contacts of all persons with COVID-19 through contact tracing and exclude them [per CDC guidance](#). Additional measures may also be implemented in consultation with the health department.

* CDC data reported from <https://covid.cdc.gov/covid-data-tracker>; local updates are delayed due a system outage at the Maryland Department of Health.

Data as of 4/15/2022

COVID-19 Community Level and Vaccination

Per the new [CDC COVID-19 Community Levels](#) and the [Maryland State Department of Education](#), people with COVID-19 symptoms, a positive test, or exposure to someone with COVID-19 should follow CDC guidance for isolation and quarantine and wear a mask regardless of the COVID-19 Community Level. According to the CDC, [vaccination](#) is considered the leading prevention strategy for those who are eligible.

Prince George's Community Level

 **Low** (as of 4/14/22)

CDC Metrics	Prince George's Level
