Critical	>10	>1.39	>25	<30%
5/9/22	6.88%*	1.16 (as of 4/30)	15.9 (as of 5/2)	50.4% (as of 5/8)

[Per the Maryland State Department of Education](#), universal contact tracing is no longer needed in schools and childcare programs but can be continued as resources allow. Schools and childcare programs should follow [CDC isolation guidance](#) to exclude students or staff for COVID-19 cases. Schools and childcare programs should provide notification of the COVID-19 case at the classroom or grade level as appropriate. When an outbreak is identified, schools and childcare programs should identify close contacts of all persons with COVID-19 through contact tracing and exclude them [per CDC guidance](#). Additional measures may also be implemented in consultation with the health department.

* CDC data reported from <https://covid.cdc.gov/covid-data-tracker>; local updates are delayed due a system outage at the Maryland Department of Health.

Data as of 5/9/2022

COVID-19 Community Level and Vaccination

Per the [CDC COVID-19 Community Levels](#) and the [Maryland State Department of Education](#), people with COVID-19 symptoms, a positive test, or exposure to someone with COVID-19 should follow CDC guidance for isolation and quarantine and wear a mask regardless of the COVID-19 Community Level. According to the CDC, [vaccination](#) is considered the leading prevention strategy for those who are eligible.
