

VIRTUAL FAMILY SESSIONS

Maryland Mathematics Policy

Maryland will implement revised PreK-8 mathematics standards in the 2026-27 school year, accompanied by a statewide shift toward more structured and consistent student support practices. Families will learn what to expect in the upcoming year and explore tools such as the Numeracy Development Framework and Family Guides.

MSDE will be hosting virtual events in June 2026. Join us to learn about how families can use MSDE resources to support student learning at home.

- Virtual meeting links will be sent to all who register prior to each event.
- Registration for each event will close 1 hour prior to the start time.
- Participants are encouraged to pre-submit questions when completing registration form.

TO REGISTER, visit forms.office.com/g/CUetyRvnkJ or use the QR code to the right.
