***APPROVED AND UPDATED:** The Board of Education approved the 2026 -2027 calendar on January 22, 2026. Following that time, PGCPs experienced unprecedented severe weather and adopted a Virtual Day plan. On March 26, 2026, with the Virtual Day Plan in place, the Board of Education finalized the modification of this school calendar – reducing the total number of designated make-up days to three (3) and making a technical adjustment of a professional day.

IMPORTANT CALENDAR NOTES – There are 180 student days and 192 teacher days (195 for new teachers). Last days for students and teachers are subject to change. 10- and 11-month employees can refer to Bulletin M-1-23 for clarification on workdays.

¹INCLEMENT WEATHER MAKE-UP DAYS –If the school year is disrupted by emergencies and schools are closed, dates identified as possible make-up instructional days include: April 19, June 16, and June 17, 2027. If no emergency closure days occur, the school year will end for students on Tuesday, June 15, 2027, as shown. Once all make-up days are used, PGCPs may provide notice and use the [Virtual Education Day Plan](#).

Please note that if more emergency closures occur than there are available make-up days and/or there are a significant number of delayed openings and/or early dismissals used, the school calendar also may be adjusted appropriately to meet the minimum required student days AND the required number of student hours.

²EARLY RELEASE DAYS - There are grading and reporting days and planning days throughout the school year. On these days our students are dismissed early so our school professionals can complete other duties. [View early dismissal times](#).

****RELIGIOUS HOLIDAYS** – Major religious holidays are noted here for planning purposes. Many Jewish and Muslim holidays begin the day before at sunset. PGCPs recognizes and values the diversity of traditions represented among its staff and students and is committed to providing reasonable accommodations for religious obligations.
