Priorities and Opportunities

Rigorous, Community-Connected Classroom Instruction and Expanded, Enriched Learning Opportunities

- Increase real-world connections in instruction so students “always” see a link between learning and life outside school.
- Strengthen academic rigor and targeted supports in math and literacy.
- Partner with local organizations, businesses, and cultural groups to design lessons/projects rooted in real-world and community issues.

Collaborative Leadership, Shared Power, and Voice

- Increase student participation in school decision-making.
- Strengthen family leadership roles
- Provide leadership training for parents, students, and staff to build shared decision-making capacity.

Integrated Systems of Support

- Strengthen mental health identification and support, and address gaps in awareness of health services.
- Improve the coordinated referral system linking academics, behavior, mental health, and basic needs services.
- Partner with healthcare providers and community agencies to expand on-site or school-linked health, dental, vision, and counseling services.

Culture of Belonging, Safety, and Care

- Ensure all students feel included.
- Increase cultural representation in instruction so that students see their culture reflected in their education.
- Provide professional learning for staff on inclusive communication, cultural competency, and relationship-building.

Powerful Student and Family Engagement

- Boost family participation in school events through engaging and relevant activities.
- Use preferred communication methods (email, phone calls, in-person) to actively promote opportunities.
- Create regular forums (student town halls, family listening sessions) to gather input and strengthen two-way communication.
