What did we learn?

Student Feedback

- The students reported a need for additional math help
- Students appreciated the amount of field trips the school had and felt safe but wanted to increase the amount of field trip offered increased

Family Feedback

- Parents expressed a need for additional medical resources beyond Primary care
- Parents expressed that they felt students were safe within the building but wanted an increased presence of security and law enforcement

Staff Feedback

- Teachers have asked for additional resources to help teach the students in different ways beyond lecture styles
- Teachers have also asked for additional field trip opportunities outside of the classroom.

Community Feedback

- N/A

Priorities and Opportunities

Rigorous,
Community-Connected
Classroom Instruction and
Expanded, Enriched
Learning Opportunities

Parkdale will continue to provide students with access to culturally relevant field trips, assemblies, extended learning opportunities, and after-school enrichment programs that support academic growth and cultural awareness.

Collaborative
Leadership,
Shared Power,
and Voice

Parkdale will continue to have steering committee for staff and community members. We will also increase opportunities for parent and student participation in school meetings to ensure their voices are included in the decision-making process.

Integrated Systems
of Support

Parkdale will utilize items like Hazel health and Elaine Ellis for low cost primary care but will also look for additional low cost resources families can use for other type of Care.

Culture of Belonging,
Safety, and Care

Parkdale has committed additional resources and EL opportunities to increase the resources teachers and families have to teach our students. We have partnered with several community organizations and several STEAM programs to offer additional teaching styles for our students.

Powerful Student and
Family Engagement

Parkdale will continue to strengthen its school culture and climate through supportive groups and workshops that provide students and families with safe, structured opportunities to express themselves in positive and constructive ways. We will increase parent workshops and meeting to help us ensure participation and inclusion
