I. PURPOSE

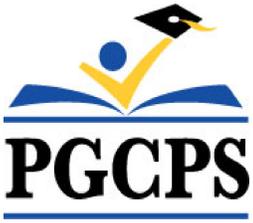

To provide information to administrators, teachers, and staff for implementing the Prince George’s County Board of Education “Board” or “Board of Education” policy for student field trip activities. These procedures delineate the process for field trip approval, student safety and supervision, chaperone requirements, transportation, and financial transactions.

II. POLICY

The Board of Education recognizes field trips as an integral part of the instructional program. Field trips provide educational experiences that support, enhance, and extend classroom instruction and curriculum at all levels (Board Policy 6153).

III. BACKGROUND

- C. School-sponsored field trips shall not be planned to occur in July or August. Exceptions shall be subject to approval by the Area Associate Superintendent.
 - 1. Summer extended learning programs shall be governed by this policy in a modified manner and are exempt from the July/August restriction. The program coordinator is responsible for ensuring the completion of appropriate forms.
 - 2. Student trips that are managed by central offices are subject to this administrative procedure.
 - 3. The approval route for summer extended learning programs and student field trips managed by central offices is outlined in Section IV.E.
- D. The PGCPS school calendar prohibits the scheduling of tests, meetings, workshops, trips or other special activities, such as the taking of student pictures or athletic events during or after the regular school day, on days of religious observance as indicated on the official school calendar.
- E. Field trips using PGCPS transportation may not be approved during mandatory bus inspection dates as published by the Department of Transportation (October 25 - December 03, 2022 and February 28 through April 01, 2023).
- F. The last day for field trips using PGCPS transportation is May 13, 2023.
