BOARD OF EDUCATION POLICY

STUDENTS

Student Information

Except as provided in this policy, the Board of Education will not provide lists of the names and addresses of students and graduates of the Prince George's County Public Schools to any person, agency or organization.

In accordance with federal law, upon written request to the Superintendent, the names and addresses of high school students and graduates may be disclosed to a branch of the United States armed forces for the purpose of providing students with information related to career and educational opportunities available through the military.

Upon written request to the Superintendent, the names and addresses of high school students may be disclosed to State or federal agencies, or a representative of a community college in the State, for the purpose of providing students with information related to college admissions, financial aid or scholarships. An agency does not include a college, university, vocational school or other institution of higher learning.

At the beginning of each school year, students or parents shall be provided the opportunity to indicate in writing to the School System if they do *not* want their student's name and address information provided to higher education institutions and/or branch(es) of the U.S. armed forces. The Board directs the Superintendent to develop administrative procedures to implement this policy.
