

System of Professional Learning Foundational Courses

The Blueprint for Maryland's Future System of Professional Learning aims to provide educators across the state with professional learning opportunities aligned to the career ladder, equipping them with the skills to strengthen their practice and positively impact PreK–12 student outcomes.

The high-leverage topics include:

- *The Science of Learning*
- *Leading Teams through a Culture of Collaborative Inquiry*
- *Collaborating with Colleagues to Improve Student Achievement*
- *High Quality Instructional Materials for the Classroom*
- *Racial Equity and Cultural Competence*
- *Evidence-based Instructional Practices for Multilingual Learners and Students with Disabilities*
- *Exploring Restorative Practices and Trauma-Informed Responses for the Classroom*
- *Overview or Renewing for the National Board Certified Teacher Assessment*

Enroll in the pathway today via eDoctrina!

To enroll: Login to eDoctrina > Quicklinks > Learner Dashboard > Pathways > Click enroll

Educators will earn a PL Certificate and/or 2 PDP points per course.
