**SPRINGDALE, MD** – Charles H. Flowers High School senior Angela Chin, the only student selected from Prince George's County Public Schools (PGCPS), has been named a 2016 Coca-Cola Scholarship finalist.

"Congratulations to Angela Chin for receiving this scholarship," said Dr. Kevin Maxwell, Chief Executive Officer for PGCPS. "Our students continue to raise the bar and we are proud of Angela's accomplishment. Thank you to the Coca-Cola Scholars Foundation for helping students reach their academic goals by providing them with financial assistance."

Angela has a 4.75 grade point average. She is the president of the Student Government Association, a member of the National Honor Society and an intern in the Science and Technology program. She plans to attend a four-year institution and major in civil and environmental engineering with a minor in international affairs.

Angela will attend the 2016 Scholars Weekend from March 31 – April 3, where she will meet peers for a time of inspiration, fun, and camaraderie. All participants are invited to attend an annual Scholars Banquet and participate in a Leadership Development Institute, which is an intensive leadership training that challenges students to develop an inside-out leadership philosophy.

Other PGCPS students recognized as semi-finalists in the 2016 Coca-Cola Scholars Program Scholarship include Tyra Coach (Suitland High School), Armond Dorsey (Suitland High School), and Phuoc Nhan (Northwestern High School).

The Coca-Cola Scholars Program Scholarship is an achievement-based scholarship awarded to graduating high school seniors each year. Students are recognized for their capacity to lead and serve, and their commitment to making a significant impact on their schools and communities. With the 27th class in 2015, the Foundation has provided over 5,550 Coca-Cola Scholars with more than \$56 million in educational support. 150 Coca-Cola Scholars are selected each year to receive this \$20,000 scholarship.
