MOTHERS OF VISION AND PURPOSE
The Mothers of Vision and Purpose was founded in January 2019.

OVERVIEW
Mothers of Vision and Purpose is a value-driven, welcoming and community centered mothers group. We are comprised of seventy-four African American mothers, committed to creating a culture in an environment where mothers connect and children can prosper. We are a group of professional women who are passionate about serving our children and the community through cultural, social, civic and recreational activities.

OUR REASON
Mothers of Vision and Purpose is an independent mothers organization consisting of 74 professional and diverse mothers with 135 children ranging from ages 2-19. Professionally, we consist of doctors, lawyers, educators, business executives, entrepreneurs, civil servants and civic leaders. Our group of accomplished mothers are excited, energized and ready to enlarge the important work of cultivating future leaders in Prince George's County. We believe, together, we can achieve a greater dialogue and make a greater impact by contributing our collective resources in an effort to advocate for the needs of all children.

ADVOCATE
As mothers and members of the community, we know the power and importance of advocacy in all its forms. Therefore, we leverage our advocacy efforts to ensure that people, particularly those who are most vulnerable in society, are able to have their voices heard on issues that are important to them. We seek to defend and safeguard the rights of all children. We are active citizens who seek to build and enhance the overall vitality of our community.

Mothers of Vision and Purposes advocates for the following issues:
❖ State of Maryland Public School Education and Funding
❖ Funding HBCUs in the State of Maryland
❖ Voter Equality

WHERE WE ARE
**WHAT WE DO**

**OBJECTIVE**

Our objective is simple. Build meaningful relationships among our children by engaging them in social, cultural, civic/service, educational, and recreational age-appropriate activities, that afford them the opportunity to build lifelong relationships, and develop strategic life skills (i.e. leadership, financial literacy, etc.). Both of which will allow them to become impactful citizens in our communities and future leaders.

**MISSION**

Mothers of Vision and Purpose (MVP) will enhance our community. We are conscientious mothers who share the same desire to cultivate a community of culturally and socially aligned individuals who value the traditional Black family. We are committed to providing our children with positive opportunities that will foster their development into dynamic leaders and successful adults.
