Attention: PGCPS Supplier

As an effort to improve accountability and timeliness of payments to our partners, Prince George's County Public School System is introducing an online electronic payment process. We have engaged the services of the Automated Clearing House (ACH) Network to facilitate direct payments to vendors for ordered goods and services. Vendors that complete the electronic payment process will have checks posted directly to their bank accounts. Electronic payments processed through the ACH system is limited to vendors that have a valid approved purchase order in our Oracle Financial Management System. Some additional benefits of the electronic payment program are as follows:

1) Direct payment without visiting your bank institution — quality customer service and increased satisfaction
2) Environmentally friendly
3) Loss prevention — reducing the potential for paper check mishaps
4) Limit potential for fraudulent and illegal activities associated with paper checks
5) Increased timeliness of receipt of funds — availability of cash on hand
6) Reduction of costs associated with deposits

To commence implementation of our electronic payment program, you are hereby requested to complete the attached "Vendor Electronic ACH Payment Authorization Form" and mail the original form to the Treasury Operations Office, Prince George's County Public Schools, 14201 School Lane, Room 113, Upper Marlboro, MD 20772. Additionally, we have attached the guidelines by which the electronic payment process will be implemented (page 2).

If you have any questions, contact Ms. Janina Tanger, Treasury Supervisor, at 301-780-6899 or at janina.tanger@pgcps.org.

Sincerely,
